GREEKS

"I don't meet the competition, I crush it."

Charles Revson
Greek Organizations at Babson College have continued to thrive and grow, perhaps caught up in the whole spirit of the Master Plan. Two Greek organizations in particular have been added within the past two years: ZBT and KKG. Although some of the Greeks will leave, as Delta Sigma Pi did this year, these changes are necessary for the continued shape of the attitude of Babson College.
This year Delta Sigma Pi lost its national charter, and therefore has lost its place at Babson College. Already, its remarkable demise is being chronicled "The Fall of the Greek Empire".

What caused it? Was it bad management? Was it restitution from above for all the parties of decadence? Historians will play around with these questions and others for centuries without clear cut agreement. In any case, Babson College will never be the same. No longer will there be a dynasty of such proportions on the football field. No longer will Babson College enjoy that pipeline to Pin Manor in quite the same fashion. No longer will the collar hold the same significance as before. But alas, even the carefully grown bonsai trees lose branches. Meanwhile, we will try to live on and endure that monolith called Delta Sigma Pi.
