ROAD RULES

Will you live through the Christmas vacation? We certainly hope so, but if past experiences preview future occurrences, a few men will be very lucky to be alive on January fourth. Though there may even be some men leaving for home next week, it is now recommended to Babson Institute, because we consider this member of student body is sure to take one chance too many while driving during the vacation. This man will lose on his gamble, he may even lose his life in the process.

Perhaps we shall return to this subject as fine physical shape as when he left for home. If this reminder will help you remember what care to take over the holidays, then we feel we have accomplished some worthwhile goal.

1. Know your car.
2. Have your car mechanically checked before leaving school.
3. If you’ll be driving in snow, be sure you have chains or studded tires.
4. Remember that driving on snow or ice is far different from driving on dry pavement — know how to handle your car in snow.
5. Reduce your speed after dark, in poor weather, and just to be safe, all the way home.
6. Pretend there’s a Police Car behind you every minute you’re driving — obey all traffic laws.
7. Driving after drinking is no joke — it’s DEADLY serious.

OUR WINTER VACATION IS 16 DAYS LONG

MAKE SURE YOURS IS TOO

Letters To The Editor

Freedom of Press . . .

In a well-thought-out, spirited and meaningful article (News, Nov. 19) Mr. Peter Buchanan, exercising the freedom of the press (greater than the freedom of his mind) has wielded a cutting dagger at the sacred literary talent in to another Babson sport, our co-editor last year, and a member of this year’s sports staff. News, Mr. Buchanan’s article brought only sneers of “Es tu, Brute”, from students and sport participants alike.

“Do” Tom Smith, in valiant efforts to save athletics, has been giving daily transusions to our program. The patient seemed to be rallying under his firm but easy-going bedside manner. Using some new miracle drugs (organizational, experienced coaching and athletic spirit) Doctor Tom found the real issue in any problem was a lack of attendance, adjustment by all, and little, if any, concern for the existence of the program in general.

Mr. Buchanan, M.D. (Malicious Derogation), evidently an out-spoken proponent of euthanasia, has taken a part in the mercy killing of our athletic program, which has been on the danger list for the past few years. Attempting an amputation of a link with a rusty pocket knife, Buchanan brought only screams of “Pity to, Brute!” from students and sport participants alike.

I fail to see how any line of arguments that our program is not good enough or that we should give up because our opponents are better are arguments that lead nowhere.

As to wielding a rusty pocket knife, I have never heard of any other sport ho8 the gymnastics unit of Development track and field. In the first place I fail to see how an article can be both well-though-out and a year of the moment job. As to wielding a dagger into another Babson sport, memory fails me in trying to recall when any other sport has been attacked in the column “From the Sidelines.” I do not protest against vandalism, only at the lack of it.

PETER BUCHANAN

“Empty Barrels”

Last week the officers of the Phi Lambda Chome decided to hold a class meeting whereby they would explain to the members their ideas and plans for social functions and athletics.

This was never accomplished! It means that a number of class members refused to listen to the proposals made by the officers.

Jeff Holder, No! Not only did they refuse to listen, but they further exhibited their infantile nature by making unpleasant comments.

MERRY CHRISTMAS AND A HAPPY NEW YEAR

TOURNAMENT ALL-STAR TEAM

Chosen as the Babson Invitational Tourney All Star team were:

- Left to right: Bob Miller, Nichols, Guard; Steve Smith, Nichols, Forward; Stan Briggs, Babson, Guard; Ken Polheimus, Babson, Center.

The Babson Beavers opened their 1959-60 season officially last Wednesday by defeating Wentworth Institute on their court, 87-53.

Babson scored on an amazing percentage of their shots in the first half and took a commanding 10 point lead at half time. At the beginning of the second half, Wentworth, who had only lost two games on their home court last year, started rolling and by the 18 minute mark of the last half they had pulled ahead of the Beavers. Some smart ball-handling on the part of Bill Lunnie and Stan Briggs enabled Babson to pull ahead again and this time for keeps.

LETTERS—from page 2 noises which prevented anyone else from contributing any constructive ideas. As usual it was the group that created the most disturbance that had the least to say. It all goes to support the saying that "empty barrels make the most noise." Such behavior is not becoming to individuals of supposedly above average intelligence, nor is it becoming to the Junior Class as a whole.

The present class administration should be given every help in its attempt to straighten out the financial mess created last year, and it should also be lauded for its conscientiousness. It certainly is a great improvement over last year's "do nothing" administration.
