FAREWELL!

Class of 1956

P.S. Thanks for an issue on time

The Wellesley National Bank takes genuine pleasure in meeting and serving the banking needs of the Students and Faculty of Babson Institute.

Our offices open at 8 A.M. to serve early customers.

Parking services at the Wellesley Hills Office and a drive-in window where you can make deposits and cash checks from the wheel of your car are especially convenient.

Company of Illinois

E. J. Lutz
Vice-President and
Executive Supervisor
Can you wear these shoes?

If you can, there is unlimited opportunity for you at Owens-Illinois! These shoes are available because the graduate who wore them yesterday has gone on to greater things in our company. And he is now preparing to take the place of the man who moved on before him!

He found that there was plenty of room to develop in fields such as sales, engineering, production, accounting, advertising and merchandising. A great satisfaction was derived from the knowledge that his was a stable company because of its great diversity of products and its research and development programs that were continually adding new ones.

Many advantages were his through being associated with a company of outstanding reputation and prestige. He found, too, that Owens-Illinois is a young man's company, eager to reward young men able to contribute to the development and marketing of new products. He found that

military status had no bearing on his eligibility.

If you should be employed by Owens-Illinois you would discover these same things. You would begin an individualized training program with which your supervisor would keep close touch. You would find ever expanding opportunity in a company whose yearly sales are in excess of $350 million, a third larger than 1950. And somewhere, in our organization of 40 sales branches, 30 manufacturing plants, our Technical Center, Duraglas Center or national offices you would find a future and build your career.

OWENS-IllINOIS PRODUCTS INCLUDE:
Glass containers for foods, beverages, medicines, cosmetics, household chemicals: closures, corrugated cartons, wood boxes, plywood, table glassware, laboratory glassware, glass block and insulating materials, television bulbs, electrical insulators and custom molded plastics.

We invite you to write to:
