Dedication

The Babson Players' winter production of The Odd Couple represents the first time in the club's history that three plays will be performed in one academic year.

Our ability to finance these shows without the aid of student government funds, our increased membership, and the growing popularity of Babson Players events is the culmination of a twenty-year struggle by a number of people devoted to keeping the arts alive on the Babson College campus.

The Babson Players would like to take this opportunity to thank these people for their assistance by dedicating our performance of The Odd Couple to the Babson Players Alumni, the Babson Community (especially the Student Activities Office), and our loyal fans and patrons.

The continued support of these people has brought the Babson Players from a struggling organization to one of the most popular organizations on campus, boasting approximately seventy-five members. The Babson Players were awarded Organization of the Year last year, and is the only self-supporting organization on campus. Once again the Babson Players would like to thank those people who have contributed to our growth and success. Enjoy the show!
