A K Psi Phoenician Ball Huge Success

The selling of feet on the wall warrant door to the music of George Graham and his Orchestra, in the Cazooom, Room of the Hotel Bradford signified the first social event of the season, welcoming particularly the freshmen. Contributing to the success were the 200 gay and happy couples who attended in high spirits proving that business men can enjoy themselves at social events.

The ball ran smoothly until a few members of A K Psi, under the direction of the assistant to the junior assistant conductor of the fraternity's social group sang, "A K Psi Forever." The ten minute premature ending of the music was necessitated by the tears in the eyes of the band members, brought to view by the spirited success of the dance.

The Brothers of ALPHA KAPPA PSI sincerely hope that the enthusiasm displayed last Saturday night will continue to prevail not only in the social events that will follow, but also in other organizations requiring student support.

Student Wives Meet

The Student Wives Club of Babson Institute of Business Administration held its first meeting for the year 1956-1957 on Monday evening, October 4th, at the Babson Inn. Mrs. Henry A. Kriehle, 1936-1937 Faculty Advisor, greeted the new members and discussed projects for the coming year.

Letters To The Editor

My dear Editor,

It took a lot of effort to lift myself out of bed and place myself into an event typing position. So here I am, slouched over the keys and ready to answer an article (On the way very, very, lovely) which provoked me and many other Stevenson sympathizers very deeply. The column to which I am referring is that audacious unsigned scribbling which so helplessly torn apart by a mere child of the column to which I am referring is that audacious unsigned scribbling which so helplessly torn apart by a mere child of the

The liquor rule was established by our founder, who also established this institution and everything in it. The fact that our founder is our sole benefactor is unpleasant but it is my way of paying respect and gratitude to the founder and benefactor of Babson Institute.

Sincerely,

[Signature]

Babson Institute Lacks Pride

In the past two years at Babson Institute there has been an unquestionable lack of national spirit in the Founders Day Program and the Class Day Assembly. As Americans we have a great national heritage and at every occasion should be proud to "Pledge Our Allegiance to The Flag" and sing "The Star-Spangled Banner." It seems incredible that the Institute authorities as well as student leaders continue to overlook this vital opportunity enabling us to express our pride in our country. Yet at every assembly a prayer is offered while "The Pledge of Allegiance," which has this line, "One Nation Under God," is overlooked.

People living today in countries under Russian domination die because they continue to sing a national anthem that has been outlawed, while in the United States, "The Land of the Free," we have no intention to sing our song. What is wrong with us as Americans? Have we forgotten the price in lives our country has had to pay to keep freedom or don't we care what freedom means any longer? Has America reached the same point Greece and Rome met before they fell. Since we become satisfied with too much luxury and are ready to give up God's gift of freedom for a soft life?

If not, then let us sing our pride in what our freedom of America means. Let us still be able to worship God as we please and go on living. In the land of the free and the home of the brave. Let us rise at every assembly to sing our flag and secure freedom.

SAILING IN NEW ENGLAND

The October 12th holiday, Columbus Day, provides the New England Inter-collegiate Sailing Association with the excuse for its first weekend of the current season. The three-day sport will include the Greater Boston Dinghy Championship sponsored by the NEISA, Tufts Favorite in Oberg Trophy sponsored by the NEISA, and the NEISA Associate Title sponsored by the Freshman Dinghy Team. The three events are planned to选拔 finalists for the Nickerson Trophy, at the Rhode Island School of Design, off the coast of Rhode Island.

NEISA ASSOCIATE TITLE - 3RD FRESHMAN TROPHY

The Rhode Island School of Design will be defending its 8th semi-annual running of the associate Member championship for the ICYBA Trophy at Tufts, Sunday, October 14. Merrimack and the University of Vermont have won this prize in recent competitions, but some regard Colby and Maine as the chief threat to the Providence Associates on Mystic Laces.

POLICE DEPARTMENT

Please do not park on the Gym Road, or in the driveway to the new lot that's next to the Gym Road.

The men at Bryant Hall have marked out four parking spaces. The institution supplied the materials. The men are thankful to all those that showed their concern over my wife's accident last week. She is feeling much better.

Bill Rooney

Frank Bodgemeer of Australia drowned. Tony Tsoberi of Cien, Ohio 5-7, 6-2, 6-4 in the opening round competition of the professional tennis tournament in Brussels, Belgium.

ASHLAND, MASS
Babson Takes Second
At Sailing Regatta

Last Saturday, the 14th, the Babson Sailing Team consisting of skippers Art Coones, "Marblehead" Smithwick, Louis Kozlovsky, and Ted Gorman, with their respective crews, Gordon Leeve, Bill Hammond, Al Flood, and Ray Corbin, descended upon the Coast Guard Academy in New London, Connecticut for their first varsity meet of the season. It was a beautiful day and an excellent breeze was blowing over the Connecticut River.

Four colleges participated in the meet, which was run as a team race. One of the Babson skippers quickly distanced himself by his rather unusual launching technique. He stepped into the boat, sailed away, and promptly swamped it. He is still thanking St. Christopher for his life.

There was some small degree of doubt in the first heat of three races, Babson sailed against Yale, while Harvard battled Trinity. Babson won two of the three races, even though Babson's amusing skippers again scored by paddling his boat away, and promptly swamped it. He then threw a pass to Bob Namian for the first South touchdown. On the kickoff to the Yalemen, the ball landed in the end zone and was downed by Gary Petrie for another South TD. At the fourth quarter the Yalemen finally broke through the South defenses. John Bledsoe tossed a 16 yard pass to Bo McMill for the only Pub touchdown. The final South touchdown came when Leighton scampered around left end. Offensive stars for South were Stu Fish and Paul Hersey. Whitey Hall and Bledsoe were tops for the Pubs.

Basketball

Although soccer has been in action only a short time, plans are about completed for the BABSON 1956-57 basketball season. Athletic Director Richard Thomas has announced a 20 game schedule for the "Green and White" opening on December 2nd at the local gym against strong Stonehill College of North Easton. Mass. Stonehill is one of the new opponents lined up for Babson this year and is defending champion of the Southern New England Coastal Conference, the league which Babson has just entered.

A game with Assumption College up from the state of Maine has also been set as one of the highlights of the season along with the customary appearance of the BEAVERS at the Boston Garden.

THE FIRST PRACTICE will be held in a couple of weeks, so keep an eye on the bulletin board for the notice.

Babson SPORTS

In The Lime Light . . .

BY HAROLD HAHN

Bar Curl, co-captain of this year's Babson Soccer team, is the first attraction featured "In The Lime Light." Although the Longmeadow, Massachusetts native stands only 5' 9" tall, and is usually outweighed by his adversaries, his aggressive and exceptional coordination more than compensate for his deficiency in stature. As Kluthe Rockme once stated, "It's not the size of the dog that counts, it's the size of the fight in the dog."

Having played three years at center halfback on the Williston Academy varsity soccer squad, Bob has gained much experience and knowledge of the international sport. As Co-captain of the booters in his senior year, he illustrated confidently out his Prep School athletic career, which included three seasons on the basketball court.

Puspring his four years of prep school, Bob enrolled at Springfield College, where he performed at center-half on the Frosh eleven, of which he was a game captain. He also played Freshmen tennis. Last fall Bob decided to obtain a business education at Babson, and immediately made his presence known by holding down the left fullback spot on the Beaver's varsity squad.

With all this athletic activity, Bob still finds time to attend S.M.A. meetings, and to represent Publisher-Coleman on the Athletic Council. As to the outlook of the current season, Bob feels that the team looks better every time it goes out.

A little more practice should be sufficient in capturing a successful season.

Bob plans to major in Accounting next year. Born on September 17, 1935. Exactly one month ago tomorrow, Bob enjoyed one of his greatest thrills when he reached the age of 21.

NATO Scholarships Available Now

For the second year the North Atlantic Treaty Organization will sponsor a scholarship program to further the study of the common traditions, historical experience and present needs of the North Atlantic community.

NATO will sponsor a series of exchanges among all NATO countries in two categories: scholarships and research fellowships.

At the request of the Department of State, the Institute of International Education (310 East 67th Street, New York City) will assist in the screening and recommendation of American students for the scholarship program. The Conference Board of Associated Research Councils (2101 Constitution Avenue, Washington 25, D.C.) will screen applicants for the research fellowships. All American candidates will be chosen by the Board of Foreign Scholarships, ten leading educators and educational administrators appointed by the President of the United States. These candidates will be submitted by the Department of State to NATO's international selection committee which will make the final awards from among applicants from all NATO countries.

The program has been established under the provisions of the North Atlantic Treaty. Article 2 of the North Atlantic Treaty of 1949 or any other NATO treaty of the Atlantic community which states, "The Parties will contribute to the general endeavor to further the economic and social progress of their respective countries and of other countries, for placement in non-English-speaking other countries.

By strengthening their free institutions, humanities and the social sciences. Projects for travel expenses.

The international selection committee will aim at an equitable distribution of awards among the member states. This is a program for exchanges among all NATO nations rather than between the United States and a limited number of other countries.

The aim of the NATO fellowship program is to further the idea of an Atlantic Community by encouraging the study of the historical, political, legal, social, linguistic, economic and strategic problems that will reveal the common traditions, historical experience and present needs of the North Atlantic area considered as a community. Preference will be given to candidates in the humanities and the social sciences. Projects should be directly related to some aspect of the problems of the Atlantic community.

The program has been established under Article 5 of the North Atlantic Treaty, which states, "The Parties will contribute toward the further development of peaceful and friendly international relations so as to strengthen their free institutions, by strengthening their free institutions, by bringing about a better understanding of the principles upon which their free institutions are founded, and by promoting conditions of stability and well being. They will seek to eliminate conflict in their international economic policies and will encourage economic collaboration between any or all of them."

Last year NATO awarded 18 scholarships and research fellowships. U.S. winner was Miss Margaret M. Hall, Political Science Professor at Wellesley College, who will conduct research on the general subject of NATO and the Western European movement at London, Paris, Rome and other European capitals.

Candidates for the limited number of NATO scholarships should apply to the Institute of International Education, 31 East 67th Street, New York City.

Babson Freshmen Take To The Air

On a bright sunny Sunday morning flegling pilots lined up at the Westboro Airport for their free half hour (no obligation) flight in the Babin Flying Club Incorporated airplane, an 85 Horse power Aeronca Champ. After being shown the various features of the illustrious and gleaming craft they were strapped in and taken up into the ionosphere under the excellent pilotage of Wendell P. Murray II, Vice President and a Director of the Corporation.

Under the recently announced policy of the Corporation, any and all students and members of the faculty interested in learning how to fly are entitled to one half hour's flight in the Aeronca so that they may experience the feel of light aircraft. To date approximately twenty students have taken advantage of this flight. Any member of the Corporation will be more than glad to arrange a flight for those interested in flying.

In line with the burning of the mortgage to the airplane and the recovery of the fuselage the members of the Corporation have seen fit to reduce the dues to $2.00 a month plus a fifty cents an hour rental charge for the Aerocna (Newwood charges $13.00 for such a rental).

Poetry Contest Opens

All college students are cordially invited to submit original verse to be considered for possible publication in the ANNUAL ANTHOLOGY OF COLLEGE POETRY.

Rules: Mss. must be typed or written in ink on one side of a sheet. Student's home address, name of College and College address must appear on each mss. Student may submit as many mss. as he desires. Theme and form may be in accordance with the wishes of the student contributor. In order to give as many students as possible an opportunity for recognition, and because of space limitations—shorter efforts are preferred.
