The Campus Activities Board has been focusing this year on bringing bigger names to campus that will satisfy a more broad range of students than ever before. Winter Weekend was headlined by comedian Bill Bellamy, and Spring Weekend featured the musical talents of "the Roots." The Eboard for this term consists of 10 members: President, VP, finance, concerts, Knight parties, special events, promotions, pub, film and culture/lecture.

Balancing the heavy Babson workload with planning and running the school's entertainment keeps this board busy, but they are happy to do so. "It is great to have a group of students so devoted to the campus, and they really make a difference," says CAB president Jeff Greenberg, '03. Along with the aforementioned headlining events, this year CAB has also hosted a psychic fair, a sex speaker, and theme dances including the costume Harvest Ball, semi formal Snowball, and hot tub party.

To finish this term, the current Board is hoping to work with that to be elected in October in hopes to make the transition run more smoothly, capturing lost time and further benefiting the campus. CAB would like to thank all students who have supported the organization through both helping out with events and attending them.

Sigma Phi Epsilon has been extremely active this year. As the largest Greek organization on campus, we have not only added to the community but enriched each other's lives as well. Our main focuses of virtue, diligence and brotherly love can be seen in all that we do.

Through the Balanced Man Program we have brought in new brothers helping them excel in schoolwork, social activities, and fitness. In addition, older brothers and alumni are helping the chapter to become more involved and continue as leaders in a variety of sporting teams, clubs, and organizations.

Our brotherhood does not end with graduation, but is a starting point for lifelong friendships.

The Zeta Alpha chapter of our fraternity is comprised of thirty young women. It has become our home away from home where there is a constant support system of our closest friends. We are not only friends but sisters who are also involved in many areas on campus. Kappa's talents can be seen not only in the classroom but also in the dance ensemble, on the athletic fields, during philanthropic events, in the musical ensembles, as peer mentors, and as leaders in many other areas of the college.

Ali Watkins, 2002 president, believes that, “Kappa Kappa Gamma has given me a family when my family is too far away to see. Without this close-knit group of women with diverse interests, I am not sure where my niche would have been at Babson. I have learned as much from my sisters as I have from academia: friendship, loyalty, sisterhood, and most importantly, a lifelong connection to an unbelievable group of women. Kappa has afforded me opportunities to be a leader both within the organization and within the Babson community, and I am grateful to have the sisterhood of Kappa in my life.”

To my friends & sisters: Kappa Kappa Gamma is a group of unique individuals who share a common bond of sisterhood. I would like to thank my fellow senior Kappa women for all of their hard work and dedication to the Zeta Alpha chapter. Without their guidance, our chapter would not be where it is today. Thank you all for giving me a great place to call home. I will miss you all so much. I value all of the friendships I have made within our organization and hope that it continues. Good luck to everyone in their future endeavors. “It is here that we measure each day with new pleasure, our friendships outlasting out college hood days.” L&L, Kates (2001 president)
Greek Council
Steering Committee 2002
"Yesterday is but a dream, and tomorrow is only a vision, but today lived well makes every yesterday a dream of happiness and every tomorrow a vision of hope."
