THE MENU

(Iszard Photo)

Bottom of the Basket goes to anyone we have failed to abuse, criticize, or poke fun at: We'll get you next year!!!!!
Babson College Finance & Investment Association

The Babson College Finance and Investment Association has four major objectives: foster an interest in the study of finance and investments, promote exposure to the practice of finance and investments, enhance the identity of finance and investments as sciences on the Babson College campus, and encourage the involvement of underclass students as well as upperclass students in the Finance and Investment Association.

This past year, speakers were invited to campus to discuss topics such as investment strategies in real estate, stocks for the 1980s, and stock options. The club also sponsored a trip to New York City where members visited the New York Stock Exchange and the Federal Reserve Bank of New York.
The Babson student chamber of commerce consists of the student business owners operating their ventures on and off campus. Founded in 1978, The Chamber has become a driving force behind the entrepreneurial spirit and free enterprise system at Babson today.

Major accomplishments of The Chamber for 1981-82 include:

1. Publication of the Annual Report which describes twenty-three of the licensed businesses in operation this year. The cumulative student business sales for these representative enterprises topped $175,000.

2. Development, publication, and campus wide distribution of "GO FOR IT", the student business handbook. This guide explains the student business environment, the licensing procedure, and almost every other aspect of student business ownership.

3. Production of a slide show depicting student businesses at Babson, which was presented on Founder's Day and Parent's Weekend, will be for permanent use at future functions.

Schedule
May 16 thru 22

The Academy of Accountancy is a group of active and involved Accounting majors that sponsor speakers and undertake projects both on and off the Babson Campus.

Among the most successful programs this year was "Careers in Accounting", a discussion with various members of different accounting fields, including public accounting and industrial accounting. The Academy continued to offer tutorial sessions for both the graduate and undergraduate student body.

This year's officers were President Al Shameklis, Vice President Sue Kenney. A productive and enjoyable year was had by all!

ORGANIZATION OF THE YEAR AWARD
