The Outing Club is an organization of adventurers who enjoy challenging and experiencing the natural world around them. New England is an ideal part of the United States, if not the world, to explore both rugged mountains and sandy beaches. During the 1981-82 year, the Outing Club succeeded in taking pleasure in both environments.

In addition to the group-oriented outings, the equipment furnished by the Club offered the members the opportunity to try their skill at rock climbing in upstate New York, crampon hiking and winter camping in New Hampshire, as well as cross-country skiing on campus all winter long.

CARDINAL KEY
This year's members were: Roy Silverman, Scott Woroby, Peter Forest, D. J. Mednick, Debbie Berliner, Mark Rosen, Lori Weiss, Allen Rosen, Richard Bernstein, Mark Bilsky.

The Babson Christian Fellowship is an inter-denominational group of students who have committed their lives to Christ. They are a member of the Inter-Varsity Christian Fellowship, an international organization, which is involved on college campuses.

Inter-Varsity has three objectives, which are: 1. To lead others to personal faith in Christ as Lord and Savior, 2. To help Christians grow toward maturity as disciples of Christ, and 3. To help students and faculty to discover God's role for them.

The Babson Christian Fellowship sponsors events such as the Blood Drive, and brings speakers and singers to the campus. Being an interdenominational fellowship, we encourage all those who want to grow closer to God and have fellowship with other Christians, to come to our meetings.

BABSON INSTITUTE
1ST PLACE
1957-1958
SOCIETY FOR ADVANCEMENT OF MANAGEMENT

EXCELLENCE IN MANAGEMENT
If we cast a glance on this last page, we realize that the faded autumn leaves are not so far away. And nevertheless, what a long way we have come. The child has become a man, the source has become a river, fragility has become maturity. Our club, whose goal is to create, develop and strengthen solidarity and friendly relations among all international students and to encourage interactions among members, has finally discovered an identity. A strong and generous organization that, by means of work, creativity and enthusiasm, has opened the routes to an inevitable success. The confidence and respect that we have generated in the Babson community are the guarantors of our development and total integration. For the first time, this club has welcomed American and graduate students, producing a formidable unity, vital to the fruitful pursuit of our ideals. We also have internationalized ourselves by accepting members from other universities. It has allowed us to greatly facilitate our contacts and exchanges with the various international organizations of the Boston area. The interest, cooperation and participation among members have tremendously increased, sparking the creation of new activities, generating immense opportunities for everyone to know each other better, and favoring deeper mutual understanding.

We can be proud to belong to the continuous adventure of the Babson International Student Organization. Let us raise high the banner of our ideas and strive to conquer new mountains.
