June 30, 1982

To the Babson Community,

To capture an entire year between the covers of a book is a task that is accomplished not only by the editors, but by an entire network of people. In retrospect, the 1982 BABSONIAN is the product of an industrious staff, supportive friends, and creative ideas.

In acknowledging the staff, the inhabitants of the BABSONIAN office, (suite 44), must be recognized for their endless patience in dealing with phone messages, staff meetings, countless lost items, and general pandemonium. Thanks to the photographers, writers, layout staff, and business manager, for their time, effort, and hard work. Special thanks to Charlie "Chiz" Iszard, and Fred Lebel, without whose negatives this book would not be possible. Finally our thanks must be extended to Bob Murphy of Josten's for his guidance and direction. As we leave the BABSONIAN, we would like to welcome Dr. Kathleen Kelly to her new position as faculty advisor, and wish the staff of the 1983 BABSONIAN the best of luck in their undertaking.

The yearbook staff and the senior steering committee are very proud to dedicate the 1982 Babsonian to Vice President Melvyn R. Copen. Throughout the past year Mr. Copen has been energetic and enthusiastic in his support of the senior class and their activities. He has given greatly of himself and his own time in support of the events that helped to form a cohesive senior class. It is in sight of Mr. Copen's dedication, that we in turn dedicate our book to him.
