On September 1, 1981 a new chapter in women's athletics began at Babson College with the realization of a varsity women's soccer team. The coach, Donna Tanner, left the first practice shaking her head in dismay, with our young, inexperienced squad, she had her work cut out if we were going to have a respectable season. Her original impressions were further reinforced when we failed to score in preseason scrimmages. But she would not give up on us. We worked harder and coach instilled us with the necessary ingredients for success—"heart, hustle, desire, and pride." All our efforts paid off when the regular season began with two successive wins over Curry and B.U. As injuries began to plague the team, we tied one game and lost another before getting back on the track. By the end of the season we compiled a 9-2-1 record, posting four shutouts, with big wins over arch rivals Brandeis and Bryant.

Our first year is history and the team's accomplishments are many. The seniors are leaving an exemplary foundation for the returning underclassman to build on. It is expected that freshman Judy Pearson and sophomore Mimi Hajjar and Robby Aron will continue their dazzling performances.

Although we will be confronted with tougher and more demanding schedules in the years ahead, a winning tradition in women's soccer at Babson has been set, and with a little luck, it hope to stay...
The 1982 Babson Women's Tennis Team, coached by Ronna Thur and Rob Lapides, finished their most rewarding season in four years with eight wins and four losses. The winning record qualified Babson for the MAIAW "C" Championships. Captain Caroline Petrosky, Beth Barrett, and doubles teams, Amy Fairclough/Cyndy Stoops and Paula Murphy/Karen Ohlson, represented the college. Babson captured second place as a team, while Barrett won individual honors in the second singles tourney. Beth's performance at the tourney capped an outstanding personal season of eight wins and two losses.

Since only 3 seniors, Petrosky, Fairclough, and Karen Myjak, will be graduating, the team looks forward to continuing their success in 1983.
