

*Cox—The Man*

By Roger W. Babson

Published by Brentano's Publishing Company, New York, 1920

<http://babsc.iii.com/record=b1089713~S0>

A study of the life of James M. Cox, Governor of Ohio and Presidential candidate, this book is an in-depth look at the policies, beliefs, and political undertakings of a great man in Washington. Although not a personal friend of Cox, Babson studied Cox's work and greatly admired his accomplishments. Thus, the piece not only tracks Cox in the political world, but also tells of his relationships with his family and his community.
