The Babson Admissions Assistance Program is an organization which calls upon Babson College students to aid members of the Admissions staff in the recruitment of prospective students to Babson.

The main responsibility of an AAP member is to encourage interest, through tours, overnight programs and special events, while accurately informing prospective students and their parents about the programs, policies and opportunities at Babson.
This year's Babsonian was a long, uphill battle. With a quickly dwindling staff, it was a tremendous task to get the 1992 book out! Problems with lost pictures and missed deadlines were frequent, but eventually this year's yearbook was completed.
The function of the Academy of Accountancy is primarily to serve as an intermediary between the Accounting students at Babson and the Accounting firms. The Academy organizes and sponsors several events each year, including office visits, resume writing workshops, and mock interviews. In addition, other functions of the Academy include weekly tutoring sessions for accounting students and assisting the Babson Student Federal Credit Union with its record-keeping.

Babson Association of Collegiate Entrepreneurs (BACE)
Babson Asian Student Association

The Babson Asian Student Association (BASA) is an organization that was established for the main purpose of sharing and communicating to the Babson community the diverse cultures represented by the club's members. BASA was co-sponsored by the Student Government Association whom without its support would not enable us to schedule such events as the Chinese New-Year Dance and the Karoake Night during Family Weekend.

In addition to cultural events, BASA sponsors other social activities both on and off the Babson campus.
