The Babson Players are the oldest and largest arts related club on campus. Our primary activities include one fall show and one spring musical performed during Family Weekend.

This year, the Players have enjoyed great success with "The Butler Did It" and "Bye Bye Birdie."

In addition to plays, we are also coordinating a program with the Peer Educators to perform skits related to alcoholism and date rape to local high schools.

The Babson Players anticipate a successful future and thank the Babson community for their support.
