YOUR STUDENT GOVERNMENT

The Student Government raised 54 and with nearly all of the classes in student interest last Monday, bringing to light some interesting subjects in unusual Executive Board. Probably the most controversial subject was brought before the Government, namely the representation of Daniel Gottlieb of section J-3. He explained that students generally pay ten cents in nine machines around school, selling such items as cigarettes, candy, and orange juice. The Student Relations Committee, which acts as a liaison between the Government and the Administration on matters of a physical nature affecting students, has accepted the responsibility to ascertain the details about these untaxed bandits.

The Student Relations Committee continued on page 4)

LAMB CHOPS and NEWTONIAN APPLESAUCE

THE WINNER!

Maryman donated 21 and Lasell donated 26. These totals translated into percent scores read thusly: 66% of all Babson students donated, 64% of Pine Manor students donated. The blood drive committee is happy to announce that Babson will retain the Wilhelmi Bellringer Memorial Trophy for still another year. The committee would also like to take this opportunity to thank all those who helped to make this year’s blood drive a success.

DELTA SIG TO SIGNOR

Stan Rubin, internationally known star of college Dixieland Jazz, and his famous jazz group, the TigerTowns Five, will be presented by the Babson Chapter of the International Fraternity of Delta Sigma Pi in the Grand Ballroom of the Bradford Hotel in Boston on Saturday, December 4th. Tickets will be on sale at $3.25 per couple. This outstanding affair on the Babson social calendar will run from 8 P.M. to midnight and will feature a special jazz concert of the fabulous Dixieland style for which the TigerTown Five is so widely known plus plenty of the smoothest dance music from New Orleans.

To get an idea of just how broad an area Rubin’s fame covers, it will be necessary to review brief history.

A number of the pictures are of evening and night effects or color, some are impressions of views from an airplane, and a few are of Amsterdam, Cannes, and elsewhere in Europe.

The exhibition includes, in addition to the recently-painted European picture, about 25 watercolors of New England—familiar scenes such as pines, streams, beaches, and all the usual Executive Board, said Daniel.

MANNY YORK! This serves as official announcement of the Theatre Guild play for 1960-61. On record of last year’s per- formance of “Guys and Dolls”, the Guild is encouraged to take another musical show with a fast moving story and a challenging musical score. The show contains such show stoppers as:

“Watcha Gotta Have Heart”

“Some Like It Hot”

“It’s A Wonderful Life”

A.K. PSI HONOR

On Friday, October 20th the Northeast Regional Convention of Al- pha Kappa Psi Fraternity was called to order at the Hotel Buffalo, in Buffalo, New York. At the convention representatives from each of the seventeen chapters in the Northeast District, Babson’s Gamma Nu Chapter of Alpha Kappa Psi was one of the seventeen chapters represented.

The purpose of the convention was twofold. First, it gave chapters a chance to collectively form new ideas and to compare notes on present policies and procedures. Second, it provided an opportunity for the presentation of awards to chapters that had accomplished outstanding achievements in the past year.

Representing Babson’s Alpha Kappa Psi Chapter at the convention were Theodore R. Whiensch and Donald Ziegelstein. At the convention Theodore Wenrich was a member of the panel on Chapter Finances and Administration, and Donald Ziegelstein was moderator of a panel discussion concerned with Chapter Professionalism.

The highlights of the convention came on Saturday evening with the presentation of awards. Theodore Henrich accepted two awards on behalf of Gamma Nu Chapter. The first award was for Gamma Nu’s perfect efficiency record in Northeast District competition, and the second award was for Gamma Nu’s perfect efficiency record in competition with every Alpha Chapter.

Theatre Guild play for 1960-61.

The Guild is organized to select its cast and workers in such a way as to promote a more professional program with a higher musical proficiency by the church and a harbor scene to the Wellseley College faculty, all in very heavy rain and the fact that mid- term exams were underway. As the day progressed the total plate of blood donated mounted and at 3:00 p.m., the class of the drivers combined totals read 120 plats of donated blood.

This year Babson again won the competition that is carried on yearly with Pine Manor and Lasell. Babson men donated 74 of the 120 plats donated, Pine Manor men donated 11, and Lasell donated 35.

PRODUCTION DROPS.

This way the people who know which has a choice between the noment, the Communists would have a sufficient knowledge of how nothing concerning agriculture in the United States would certainly sup­plied to Latin America as well as to Cuba.

I think that if your country is concerned they should be the leaders of these countries in Latin America with information telling how America really is.

HERBETI DIAZ

I do not approve of Castro or his policies. I am especially against the Agrarian Reform. In Mexico we have this. Lopez Museus has instigated this move of taking land away from the landowners and distributing it to the masses.

This way the people who know nothing concerning agriculture have a better knowledge of how to work the land, and thus produce crops.

It seems to me that a country which has a choice between the United States and Russia would certainly choose the United States. Eisenhower and all the United States has done for Cuba. I guess that this is the best move for Cuba to supply the island with crops. So, I think that Castro turned to Russia to be the protector of Cuba.

The great ideals which he started out with have turned Cuba into a country which has only one choice in government; agree with him or be displaced of accomplishing his great ideals, he completely overruled them.

I can only hope that in the future the United States and Russia are varied and "political". There doesn't seem to be a clear distinction in the policies themselves rather than the extinction of those policies.

What is going to happen to stock prices with the election of the next candidate or the other? There is no way of foreseeing what is going to happen. History has shown that predictions made before an election can be of only a speculative nature. In 1968 all indications pointed toward the election of Dreyf. In anticipation of this the prices of stocks held during the beginning of a minor recession in the early fall. This, of course, is an isolated instance.

If a study were made, however, it would not be possible to make any predictions at this time.

Between now and election day some 70 million people will be voting to decide which party and candidate they wish to back. An election is of only a speculative nature. In 1948 all indications pointed toward the election of Dewy. In anticipation of this the prices of stocks held during the beginning of a minor recession in the early fall. This, of course, is an isolated case.

The Onos and Future King which resonates the Arthurian Leg­end. Julie Andrews lends the cast along with Richard Burton and Robert Coote.

The drama, "Five Finger Exer­cise" by Peter Shaffer has been a critical success in London and New York, and apparently the Colonial Theatergoers feel the same. The satire centers around an English family of four, in their country estate, who for psycholo­gical distinction, pick upon a Ger­man tutor as their scapegoat.

The great ideals which he started out with have turned Cuba into a country which has only one choice in government; agree with him or be displaced of accomplishing his great ideals, he completely overruled them.

Not being a native of Cuba, I cannot be discern of man's acts are creating hate only not among the people of Cuba but also among the people of other countries.

I honestly hope that what has happened in Cuba does not happen in the rest of the Latin American countries supporting Castro.

Less than a week ago, the President of the United States was overthrown by Communist pro­Cuban forces. At the same time in Venezuela, the national army was disbanding uprising by pro­Cuban forces in a rebellion.

I can only hope that the near future this man is overthrown from his present position, and that the United States and Russia are varied and "political". There doesn't seem to be a clear distinction in the policies themselves rather than the extinction of those policies.

CAMPUS SOUNDINGS

Has Fidel Castro done any good for Cuba? The week of his visit in this country the question "What do you think of Fidel Castro and his policies?" was asked to students from Mexico and Venezuela.

CLARK GAINS VICTORY

Oct. 28 — As if the lesson taught the Beavers the day before by the Salem teachers was not enough to dampen the spirits of any Bull-dogger, lightning struck once more as the Beavers were routed over the edge in double overtime by Clark University, 4-3.

With Moran and Silverstein sidelined with injuries, the Beavers put on a strong showing before the Saturday home crowd as they ran rampant over Clark in the first half as evidenced by the 3-1 halftime score. Clark scored once in the third period and once again in the final period, this time to even the score at 3-3, and remain at that point until the evening gun.

DOWN FOR DOUBLE

As the large home crowd cheered for a Beaver victory in the first overtime period, they saw their hopes dwindle as the score remained tied and the game went into double overtime. This time double spelled trouble as Clark was able to score a goal and a victory.

Scoring for Babson were Fernandez and Cassavant, with Clark's goal coming on a penalty kick.

In the final quarter, the Beavers fought back and were denied only by a goal and a goal by the Clark team.

NEIL TOO STRONG

This game marked the end of the season for the New England Intercollegiate Soccer League with Babson's record showing four defeats and no wins. The Beavers lost to Colby College, 6-1; Lowell Technological, 5-1; Bowdoin, 3-1; and Clark University, 4-3.

INTRAMURALS

South Takes The Lead

In a battle of the undefeated intramural powerhouse, South emerged victorious over Annex. South is now in undisputed first place in the football-round robin, the Annex entry dropping to second place in the standings.

South showing a tight defense and varied offense emerged the victor in a decisive 34 to 2 victory over the Annex team. South struck quickly on a pass from Dick Herriot to Stan Briggs. This was followed almost immediately by another score for South when Stan Briggs intercepted an Annex pass and galloped sixty yards for the sixth points. South continued the scoring on a pass from Herriot to T. Crockett who was in the endzone. South's final score resulted when another Annex pass was intercepted by Ted Walters and returned for the score. Two of South's after-point conversions were kicked by M. Boss.

Annex's previous successful offensive was completely stymied by the aggressive defense exhibited by the Southern defenders. Annex was able to get its two points by an alert play resulting in a safety.

INTRAMURAL SOCCER TEAM GOES DOWN FIGHTING

Oct. 25 — The school marms from Salem Teachers College taught the undefeated Babson the meaning of the word overtime as they edged Babson to a 4-2 defeat in double overtime last Friday.

With Moran and Patterson out with injuries the Beavers were forced to call on their second string reserves in order to fill up the gap. The strong Beaver bench filled this gap and was able to hold Salem to a 2-2 tie at half-time. Salem scored early in the game with the Beavers catching-up late in the second period on goals by Pederson and Fernandez.

DOUBLE TROUBLE

The score remained tied until the final gun sounded. This situation called for an overtime period after one scoreless overtime the game went into a double overtime with the Salem teachers coming out on top with a two goal edge. Final score — Salem Teachers 4, Babson 2.

MORE INJURIES

Unfortunately the Beavers suffered from another injury sustained in play. Silverstein was taken out of action and will remain on the inactive list for the rest of the season.

SOCCER TEAM SEASON ENDS

With one more game to be played, Nasson College, the Beaver Soccer Record stands as follows:

DELTA SIG from p. 1

ten, a good Saturday night would find him and half a dozen others playing under his name performing at college dances and parties from coast to coast, some booked for many months in ad-
vance.

That year, the Tigertown Five also played the first of its now famous Thanksgiving weekend Midnight Carnegie Hall jazz concerts. The house was packed and jumping, the critics couldn’t find words good enough and that night a tradition was born, for the con-
cert was only the first of many famous Thanksgiving weekend concerts in the East.

As stated earlier, Stan’s popular­

it y has been a longstanding item in Europe, and it was his friendship with Grace Kelly that brought Stan to the pinnacle of his fabu-

lous career. It seems that Miss Kelly (now Mrs. Rainier) has a passion for Diestel and craved to have this music played at many of the innumerable receptions that preceded her wedding to Prince Rainier. So the Tigertown Five packed off to the Royal Palace of Monaco and was soon knocking half the crowned heads of Europe dead.

The next day a chauffeur, whose master also loved Diestel, hired the crew on the spot and that might the mad melodies of the Tigertown Five floated across the decks of the Christina, 350-foot yacht of one Aristotle Onasis! Port, Princeton, Puritans, and Primitives — this is the story of the Fabulous Stan Rubin and his Tigertown Five. It’s a spectacular story, and one of its brightest chapters will be written on Satur­
day night, December 3rd, at the Bradford Hotel, when Stan and his band in person, will play to their first Babson audiences. Be there, and make it a bright chap­
er in your life. Remember, only $1.25 per couple at the last blast before finals.

SOUNDINGS from p. 2

I think it is ironic that Cuba is in such a turmoil. After all, the people who are complaining about Castro are the same people who put him into office two years ago. I know a boy who was brag­
ging about Castro and all he was going to do for Cuba when he was first put into office. Now, he is complaining.

I think that whatever lyscence to Cuba will be his own fault. The people should not allow just any man who comes along with an army to rule them because they are disillusioned with the present system of government.

In America, you trace the life of each candidate back to birth. You take into consideration all factors which may affect a man who is running for President. If Cuba did this, they certainly would not have put a Communist leader in power.

We were told in our Introduc­
tion to Government class that the people get the type of government that they deserve. I guess that this is true.
