BDE wowed their audiences this year with their productions “Endtroduction” and “BDE Live.” The performance troupe of 60 men and women work tirelessly each semester choreographing, creating costumes, and designing lighting. Their efforts culminate during the infamous TECH WEEK when they dance virtually non-stop for several days before the shows so their sold out audiences will not only be entertained but amazed. Graduating seniors, we will miss you but remember, you are a BDE member for life!
