YOUR YEARLY SHARE
...and it's Growing Annually

Almost every individual...almost every industry uses many Owens-Illinois products. The average American's yearly share is pictured above. Chances are, you can identify most of them...glass containers for foods, beverages, medicines, cosmetics and household chemicals...closures...corrugated cartons...table glassware. Other products serve you indirectly...scientific glassware...building and insulating materials. Add to these such items as television bulbs, electrical insulators, glass block, wood boxes and plywood and you have the Owens-Illinois family of products, essential in meeting the country's ever growing needs.
