GEORGE W. COLEMAN, A.M., LL.D.

President Emeritus of Babson Institute
His leadership has embodied the spirit of fair play. Realist and visionary, he guides with firm hand. Babson men know him as a sincere and kindly friend. His imprint is upon the greater Babson of the future, moving toward her place in the sun.

This dedication is our humble tribute of respect and gratitude to President Smith. In our lives we shall seek the fine ideals he has placed before our eyes.
