It's Time...

Some lose
And then stop.
Some never start.

Some topple
And fall
And refuse to stand up

Some fail,
Some flunk,
Quit and dropout.

Some break
And surrender
And yield.

But not us.

Babson,

It's Time To Conquer the World.

To Conquer
The World

Day in and day out we have gone to countless classes: calculus, accounting, marketing, policy. We have learned the numbers and the interpretations. Somewhere between all the number crunching we have learned perhaps the more important lessons: being a good listener, winning and losing gracefully, determination, and beer die. Each and everyone of us has been given the tools to successfully conquer Babson. And now it is up to us to use these tools to conquer the world.
