GREEK LIFE!
Zeta Beta Tau is a Social Fraternity that prides itself on maintaining and perpetuating the ideal tenants of Fraternalism. We are a closely knit Brotherhood that is dedicated to the success of both the individual and the Fraternity. ZBT represents a broad range of backgrounds, interests, and beliefs, and is involved in many on campus organizations. ZBT brothers own and operate successful businesses on campus, sponsor events to benefit charities, and enjoy weekly public and private parties. As a Brother of ZBT you can broaden your horizons and enrich your "Babson Experience"
Sigma Kappa

Through struggle we all unite
Remembering that life is a fight.
We question why they cannot see
A bond of love and dignity.
The darkness scares, it chills us all
But all we have to do is listen to our call.
We came together and there we will stay
Knowing the memories of yesterday.
And if we are gone, our bonds will not sever
Because in our hearts we know...

Sigma Kappa will last forever.

We wish all of the seniors the best for their futures:
Alexis Cohen, Katie Dunklee, Lisa Hachey, Colleen Hennessey, Errin Johnson,
Karen Schimit, Ruth Stefanides, and Amy Williams
We Love You.
We just laugh and say remember when...

Sigma Phi Epsilon Fraternity was established at Babson College in 1994. The aim of our fraternity is to promote virtue, diligence, and brotherly love through brotherhood. Our activities include bringing under privileged children to see the Nutcracker. We also organized and collected food and clothing for local charities. We received the Philanthropic Award for our outstanding community service efforts. Our future plans are to continue community service, and to redefine the meaning of fraternities on the Babson College campus.
TKE is a social fraternity that is concerned with individual and group development through campus and community activities. Our members represent a wide diversity on campus. Together, we bring an atmosphere to the Babson campus that cannot be challenged. We take everything we do seriously. Whether it’s partying on the weekend, or organizing the Special Olympics, we do it well.

TKE is not only a place to party (although we’re serious about that too). Part of joining a fraternity is to find one that teaches its members the importance of true brotherhood. TKE brothers are involved in activities such as varsity and intramural sports, Blue-Key Honor Society, S.U.R.F., Babson Players, Student Government, and own campus businesses. We also strive for excellence in our studies. We have brothers that not only come from all over the United States, but from places like the United Kingdom, Australia, Canada, Greece, and India.

TKE exemplifies true brotherhood. If it’s best friends you’re looking for, TKE is the place. If you’re interested in participating in community service events, intramural sports teams, and other campus wide activities, Tau Kappa Epsilon is the fraternity for you.

We host many parties on and off campus, including our well known Carnation Ball in Boston. Our prominence as a great social fraternity on campus can be attested by any member of the Babson community. This is Tau Kappa Epsilon.

Theta Chi Fraternity was established at Babson College in 1971. The aim of our fraternity is to promote the idea "Strength Through Brotherhood," along with maintaining a strong presence within and outside the Babson community. Our philanthropic activity includes a blood drive, adopt-a-highway, and the Couch-A-Thon.
Kappa Kappa Gamma is an international woman’s fraternity founded on October 13, 1870 at Monmouth College in Illinois. It was founded at Babson in 1980. We have a tower on campus designated for Kappa which houses its activities and sports. The president is Lisa Glickman. On campus, we take part in various philanthropic activities, sponsor and host social events, and work to promote Greek unity. Some social events include a winter formal, a spring semiformal, and other various campus wide events. We also coordinate socials with the Walk for Hunger, and other fraternities and sororities. Our community service includes Walk for Hunger, Barton Road, North Hill, United Way walk-run, and city year. In general, Kappa Kappa Gamma is a close group of women brought together through friendship, integrity, and respect.
Alpha Kappa Psi Fraternity was established at Babson in 1954. The aim of our fraternity is to further economic literacy to the end that business methods may be improved in the Babson community; while promoting the highest level of social prosperity. Our future plans include increasing revenues from fraternity operated business and increasing awareness of progressive social life at a business school. Activities that we have done include community service, a trip to Mardi Gras New Orleans '95, and educational assistance to underclassmen. Perhaps the biggest event of the year was the 70's party where everyone had to wear clothes of that decade.

One of the biggest parties of the year was held at AKPsil's home base at Abbot Rd. Many people got into the spirit of it by dressing up in 70's garb.
