Knowledge enables its possessor to distinguish what is forbidden from what is not; lights the way to Heaven; it is our friend in the desert, our companion in solitude, our companion, when bereft of friends; it guides us to happiness; it sustains us in misery; it is our ornament in the company of friends.

Do more than is required. What is the distance between someone who achieves their goals consistently and those who spend their lives and careers merely following. The extra mile.

Good luck to all my friends in AS and A6.
"You got to know when to fold 'em, and know when to hold 'em"-Kenny Rogers

Your final reward will be heartache and tears, if you've cheated the man in the glass.
To my family, thank you for all your support, I couldn’t have done it without you. Success is out there for you to grasp, it’s just a matter of how far you want to reach.

It's strange that our turn has come to graduate. Sometimes it felt like graduation was centuries away, like being in college would last forever, and now it's all over! Goodbye student life, hello real world. It's been a wonderful 4 years, thanks to the friends I've made, the professors that taught me along the way, and my family who supported me throughout. To my parents, not only the people that I admire most, but also my best friends. My only hope is to be as wonderful as you: je vous aime! My Tonton, it's your turn to enjoy college, and baby you will have a blast!!! My Babson friends, we've made friendships of a lifetime! Thank you everyone and good luck to all.
