Dedication of
Recreation/Special Events Center
April 18, 1990

Members of the Class of 1990:

It has been a magnificent year for me and I thank you for letting me share your senior experience. Commencement is but the beginning of a lifetime of challenges and opportunities. Your Babson education has prepared you for extraordinary experiences.

Remember to enjoy the fruits of your labors and the importance of balancing your personal life with your career goals. Not all of your professional challenges need to be completed by the time you turn "30." Some will come closer to the end of your career as you are able to take the risks of establishing new horizons.

Babson is an exciting place because of the people who are its core. I have had the opportunity to meet many of you, and Babson is a better place because each of you has been a part of it. I have been impressed with your enthusiasm and eagerness for knowledge which I have seen in the classroom, on the playing fields, and in the myriad of co-curricular activities that have taken place this year.

Babson is justifiably proud of your accomplishments and excited about the possibilities that the class of 1990 represents to the world at large and the Babson alumni body.

I wish you well as you step into a new and exciting world and look forward to your returning to your Babson home as active and loyal alumni.

Enjoy whatever endeavor you choose in the years ahead and always remember to "stop and smell the roses."

Sincerely,

Bill
