3 Big Business Boosters

Business men are more susceptible to constipation than others because of their sedentary lives. Constipation creates colon poisons which cause dullness, slowness of comprehension, inability to concentrate, irritability and other business risks.

Drugs make matters worse. Fortunately the Battle Creek Food Company has discovered three great remedies—no drugs but harmless food accessories which succeed when other measures fail. They are:

PSYLLA...a tiny seed which swells in water to form a gelatinous mass which furnishes both the bulk and lubrication needed for healthful elimination.

PARAMELS...mineral oil in candy-like form. An easy and effective way to take mineral oil. A big point in favor of Paramels is they do not "leak". Give best results when some form of bulk is used. We recommend—

LAXA...a happy combination of wheat bran with Agar which enhances the value of both these powerful remedies. A crisp tasty biscuit, just the right amount for one taking.

BABSON PARK MASS.
Good Motor Oil for the Car, of Course,
—but what kind of food for the family?

The wise owner of a motor car uses only a good grade of oil for his car, because good oil means much to the performance and life of the car. And he lays even greater stress on the quality of the food which is supplied to the members of his family, because good food is vitally important to their health and well-being.

Good food is not necessarily fancy food. It is wholesome, sizable food. Wholesome—to provide the nutrients bodies need. Flavorful—to promote digestion and to give the pleasure which mankind from time immemorial has always derived from flavor food.

The S. S. Pierce Co. specializes in quality—quality in the everyday staple groceries that make up the bulk of daily menus, and quality in the delicacies for the special occasion. S. S. Pierce prices are always moderate because of careful buying and efficient operation.

The combination of quality and value, together with a convenient service that saves the time and strength of the housewife, has made S. S. Pierce Co. the regular grocer of thousands of Greater Boston Families.

The New Trend
In Office Furnishing

Gone are the days when an office must be plain to be efficient. A visit to a "Y and E" store will give you an entirely new conception of the beauty and distinction of modern office equipment.

The "Y and E" service goes a lot further than the outward appearance of your office. It extends to the most minute details of modern systems and record keeping.

before you turn in

How Kellogg's Corn Flakes hit the spot for a late supper. Heap them high in your bowl. Enjoy that golden flavor of ripe corn. Then go to sleep without trouble.

Kellogg's Corn Flakes are so crisp and easy-to-digest that they do not interfere with slumber. Yet, they're virtually a perfect food with milk or cream.

after you turn out

And of course eat Kellogg's Corn Flakes for breakfast. More than twelve million people do daily. For extra treat add fruit or honey. Great for lunches too.

Order them at your campus restaurant. Served by hotels, restaurants, cafeterias, in dining-cars. Made by Kellogg in Battle Creek.
