Ross Searches Student Mind

By DON BUTLER

The Richard Knight Auditorium, presented February 22 at 8:30 p.m. as part of the Music Series program by the Glee Club, was opened by Don Partridge, Director of Student Activities. This is an opportunity for the students to make their own decision on what they would like to see performed. The auditorium is located in the Student Center, and admission is free. It is open to all students, regardless of their major.

The program included a selection of popular songs, including "The Night They Called Me Mad," "What the World Needs Now Is Love," and "What a Wonderful World." The audience was enthusiastically received, and the atmosphere was filled with a sense of excitement and anticipation.

In conclusion, the Ross Search Academy has committed to providing unique and engaging musical experiences for its students. The upcoming events promise to be equally as captivating, and we encourage all students to attend and enjoy the performances. Thank you for your support.

SCHOOL PROPOSES TRIP TO EUROPE
Plan Your Vacation Yet
Travel Will Bring You Credits

A proposed European trip for Babson Institute students in the summer of 1960 was announced last Monday by Mr. John D. Montgomery, Director of Student Activities. This trip will offer a total of five weeks in Europe as part of the Babson Institute curriculum.

The trip will begin in Paris, where the students will spend two weeks. During this time, they will visit major sites such as Notre Dame, the Eiffel Tower, and the Louvre. They will also have the opportunity to take classes in French, history, and art. The students will be housed in a hotel near the center of the city. The cost of the trip is estimated to be $1,000 per person, including airfare and hotel accommodations.

Following the two weeks in Paris, the students will travel to London, where they will spend three weeks. During this time, they will visit sites such as Buckingham Palace, the Tower of London, and St. Paul's Cathedral. They will also have the opportunity to take classes in British history, literature, and art. The students will be housed in a hotel near the center of the city. The cost of the trip is estimated to be $1,500 per person, including airfare and hotel accommodations.

The trip will end in Rome, where the students will spend one week. During this time, they will visit sites such as the Vatican, the Colosseum, and the Roman Forum. They will also have the opportunity to take classes in Italian history, literature, and art. The students will be housed in a hotel near the center of the city. The cost of the trip is estimated to be $1,200 per person, including airfare and hotel accommodations.

In conclusion, this trip offers an excellent opportunity for students to explore Europe and gain valuable educational experiences. The trip will provide students with a unique opportunity to see the world and learn about different cultures. It is an opportunity not to be missed.

February Weekend May Include Variety Show, Dance, Basketball

There are few who have not heard of the Princeton or Dartmouth Carnivals, these events make history every year, and go on record as the great events of the year.

This year there appeared at Babson a student with a plan for the pleasure of all students. Don Partridge came forth with a proposal that the week end of February 18 be set aside for a winter carnival here at Babson. This would be the first attempt at something of this type. Gathering around him all those who could help in this enterprise, he began his work. He has been working hard on the schedule, and has a committee of campus clubs, the student council, and interested students, under the direction of Mr. Par­ tidge, busy to plan the week end and follow the formal dance at the Hotel Statler.

If the students have completed their chores in Boston, they will return to the warm and sunny weather of Babson for the Carnival. A special committee will be set up on Saturday afternoon to participate in the scheduled activities. No too much factual material is available, but if there is more snow there will be snow sculpturing the week before and judging on Saturday afternoon. A possible feature of the event is a snowman contest, which has been planned. For those who prefer something more imaginative, a snow lantern competition will be open to the students at large.

A brochure has been suggested late in the afternoon as part of a pre-game rally for the basketball game to be held in Fenway Gymnasium Saturday evening. The swimming pool will be open for mixed swimming. At an expected time, Mr. W. H. Holmes, Director of Public Relations for the Corporation, will serve in Knight Auditorium to tell the students about the upcoming event. He will discuss the importance of this purpose. Immediately afterwards the Drama and Glee Clubs will present a special variety show. Then at approximately 9:50 p.m., Mr. W. H. Holmes will start the program with a talk on the night's entertainment.

A brief outline of the pro­ posed week end. At the plans are still in the formative stage, it will be wise to remember that they may change at any time. With complete co-operation of the student body as well as their ideas, the Carnival Committee hopes to make this the major event of the college year.

Late News Flashes

Mr. Thomas G. Galvin, Chairman of the Committee for Student Affairs, announced that there will be no committee meetings today. Mr. Galvin proposed that the committee meet at the Cottage on Park Manor on Wednesday, January 25. All students are invited to present any of their ideas or desires before the committee at this time.

The Industry Analyst Handbook will be available at the Babson Bookstore on January 25. Mr. W. H. Carpenter has written the book that will contain data for all students, junior and senior, interested in the field of marketing.

Mr. Herbert A. Santoro, Secretary of the Babson Institute, has been informed that the Red Cane Mobile Food Van will be available to all students during the week of January 25. Students will be informed of the full plans for this event as final preparations are complete.
Management Has Hard Road Ahead

Editor's Note: This is the second of a series of articles written by members of the Babson Pu-

Public Relations Committee. Mr. Henry M. Balsalobre, Managing Editor, is the author of this le-

Editor of the Babson Beaver

It has long been the desire of this publication to see regular columns such as this established in the columns of The Babson Beaver. In the opinion of the editors, the college public relations is one of the most important phases of the Babson Institute. It is through the college public relations that the outside world becomes acquainted with the Babson students, the Babson faculty, the Babson administration. It is through the college public relations that the outside world is able to get an accurate picture of what the Babson Institute is doing.

Sports News

Last week Colonel North opened the intramural basketball season by swamping a fighting Off-Campus Freshman team 29 to 20. Off powered on the hoop all the way as Meade and McCollum hit for 21 and 16 points respectively.

The basketball crown was snatched from the juniors via a ten point lead early in the game last Tuesday by a score of 36 to 23. The Juniors but Dick Gifford and Earl Saladin were the quickest scorers for the Seniors with 12 and 10 points. While the Seniors with 10 points. While the Juniors showed that they are a definite threat to sweep the title as they open their season.

Points Revised As Result Of Pressure From Students

The Intramural Council held a special meeting called by several of its members because of complaints that the present Intramural system was far behind. In a heated discussion it was agreed that the system of participation points as now in use had become obsolete because the spirit of one of the recommenders had placed the other participants at a disadvantage. After the discussion, a vote was taken and by a 2 to 3 margin the present system of participation points for intramural athletics was thrown out. No new participation points was set but members voted to try and set up a more workable plan as soon as possible.

Majors are

As a special meeting of the Athletic Council, it was voted that regular players may not compete in the intramural sport of which he is a novelty and, as the team members are not available for the present Intramural system was definitely out. A committee of Charlie Pappas, Dick Harder, and Art Burnett was formed to work with Mr. Burtis to set up a new plan of participation points.

The swimming meet program was announced to the group by Mr. Burtis. All meets will consist of eight events; there will be four meets, three triangular meets and a final with the six best meets competing. The next week’s BEAVERS for complete details.

Communists In China Not Recognized By U. S.

On Monday evening, January 16, President Heddendorf called the first meeting of the Winter Turn for the Foreign Affairs Club.

After a short business session was held, he gave a vivid picture of the action of the evening, a motion picture entitled "Open Door" a production of the U. S. Department of Commerce, dealt with the operations of the U. S. Embassy in foreign countries and presented many facts of significance in relation to the world of today. The picture told of sterling and dollar countries. On this point it was generally concluded that the U.S. might not be better for this country to make that recognition soon.

As refreshments were served at the Point Proven By Heddendorf

"Personal Relationship Among the Members" was the theme for the S.A.M. Business meeting held, which included all who wished to attend. A short business meeting was called to order and followed by refreshments and informal conversation.

On the following evening Wednesday January 11, 1950, Alpha Chi expects to receive a charter in the near future.

Dr. Stephen D. Peabody, M.D., of the Babson Institute staff was the guest speaker and entertained the company with an evening of miscellaneous topics which stimulated the presentation of membership Certificates.
