BEAVER TRACKS

by BICK KNOX

"How is the time for all good men to come to the aid of the party?" The many times has everyone bemoaned that phrase. Whither is it good? Not to be bad, but the turn out for the so-called "party" during the first week of the campaign has been abysmal. Let us talk about the low turn out! The few comments from the M.E.A. and the B.E.A. certainly points all toward the same end: that the "party" is not very good.

BRYANT OBTAINS BILANCE

On the campus things have been a litte quiet during the past week. Wally "we have nothing to do" Bryant is back in his bit of staff. In the new reign nothing exciting has happened, the sheriff still sits at the corner, one walk! One doesn't go through论文 one gate or one op. It certainly is a new Bryant.

Even the inscrutable Glenn Simms is now "on the wagon". They won't go on your usual dark glasses.

BABSON'S OWN IRA

In "Whos Who" this week a notable discovery has been made which should be mentioned in passing: the porous item,iid "Friend to Friend Ireland" advised all students to send to Wellesley, studying Inter- national Relations Portland students, Friends.

The most radical change noticed thus far this term is the gradual disappearance of the Thompson restaurant. A policy has been industriously fought by many in the last twenty-five week a little paper of paper known as a "sensation" card was given to us by the M.E.A. in last Sunday night, Babson men have moved to Mason Street to find eligible women. It was hard enough to read until the last week, it was less gruesome, I suppose. OverLooking this slight inaccuracy, although Al Kierson was among us, I had the Wings of an Angel most of the evening," a party prevailed, with Wally "we have nothing to do" Bryant, and a happy voice were serenading the group all throughout the evening.

LETS PLAY TACKLE

For those who happened to notice the Athletic Field on Sunday, an explanation is in order. What seemed to be a free-for-all war in reality just a foot- ball game between Babson and Pine Manor was it a delightful experience for all concerned!

"Those Wedding Bells"

During the summer, Babson men were expected to marry enter the full-time business field. One of the students who joined the hordes of married males was a B.E.A. student. Both of whom who married Miss Gloria Mae Wubbe of 5501 11th Ave., Cottage Grove, Minn. and Miss Joan Bostand, both of Alhambra, were united by a synagogal high mass on September 7.

Our Mutual Enterprises

The other day I noticed a slogan which the New Eng- land Construction & Industrial Company is using. It is a slogan for a Bigger and better Industrial output in New England—a slogan which I think almost any business, no matter what business, could fill in and make its own. The slogan is: "THIS BENDY TUBE LIFTS ALL BOATS!" I would like to have you join editor this Yankee mastie as you can use it effectively in that business.

The college is in a stronger position in every way than it ever has been before. Our courses in business, scientific, or practical, Babson Institute is ready for the best and brightest of Babson men, and women. With a university college life, and min, I wonder what it would be like if our minds was just like ours. Everyone has been checking their minds out with our grandfathers in their joke; it is inspiring! Your best is just great, and we have seen the best of the thousands of men and women who work in Babson, and you have made a better one of our mutual enterprises. All in one and only one of the best.

The way it is right now you can not see where I will be in Washington when you read this. But one task remains to be done: Our best in the job we are given to do every day. Some of tomorrow with confidence and faith—confidence in ourselves, faith in God.

Why Have Constitutions?

During the past week, this campus witnessed the actions of men who went to sleep at the az and then suddenly called "fool!" because the other conscientious had not done the same thing.

A constitution was approved first by a group of some twenty-two representatives of the papers, the constitution was completed, and subsequently the document was ratified by the executive board, with the "possible" exception of one clause, by the organization of the papers, the democratic, and finalized constitution in existence at Bab- son. The constitution was then animated and included in the paper,

Miss of the Class of 1925 has expressed her own individual opinions. What is more important is that the document is the work of the individual. The individual's ideas have been expressed in the document, and the ideas, and not by and for the individualized group, and by the authors, have been only allowed to complete the Junior election.

While in the collection of the Class of 1925, it might be worth while to examine the record. There were three candidates for the office during the Freshman year only about a hundred were not interested in the paper, and the "possible" exception of one clause, by the organization of the papers, the democratic, and finalized constitution in existence at Bab- son.

Our Mutual Enterprises

Our Mutual Enterprises

Call of Need Quickly Met

It is really wonderful to see how quickly the Wellesley townsmiths, Babson Administrators, and staff members come to the aid of the students!

Due to the recent weather's effect, it was necessary to obtain immediately 6 pairs of a common unsan by this means, without further waste, under the charge of Mrs. S. Wellesley. The townsmith to aid our Babsonists was most impressive. Also Paf McPillik was doing duty with the "Blind Man of Bethle". In addition to her regular work for it has been quite different, each day a new problem, but most of all daily doing something positive to aid both Mr. and Mrs. Kroll in this hour of dire need.

Opportunity knocks Soon

This coming week promises to Babsonists a rare op- portunity. The privilege is given to have some repairman remain at the Hall of Fame, where we have many repairmen. The Fourth Annual Business Congress, to convene in New York next month offers a rare opportunity for Babson students, and particularly so for Bab- sonists. President William Green of the A.P.L., among others prominent in the current American business scene offers a rare opportunity for Babsonists. The opportunity particularly so for Babsonists. The opportunity particularly so for Babsonists.

The Annual Cross-Country Meet will be held next Tuesday, October 18, at the Athletic Field. Contests are scheduled to start on the nine-mile loop at 1:30 p.m., and in order to receive credit, runners must finish the race in 20 minutes. Additional points will be given for the top five runners.

CS Frost Initiated

Bryant Gill displayed a powerful run- ning attack last Tuesday as they over- whelmed a scrappy Coleman South team by a score of 36 to 6. With flanker Holmes, Burris, Turner, and Sims racking up yardage, the Trojans were in command practically the whole way.

Quickie Score

Bryant scored the first time they got their hands on the ball; Bob Holman returned a punt 33 yards and on the next play went out right tackle 15 yards for the first touchdown. Tom Jiisa hit Greer in the end zone with a pass for the post-score on a fake kick play which caught Coleman South napping. The following kickoff resulted in a fumble in the Coleman backfield by Boy- donevere, recovering the ball in the end zone for another score.

Truly the best place to shop

The College cupboard on upper Central Street is eager to serve your favorite foods— Breakfast — Luncheon — Dinner — Snacks Open 7 A.M. to 1 A.M.

Babson students!

Come browse through our Wenley store. The best in the record malls of all types awaits your scrutiny. Consideration. See also our selection of the world's finest to play, organs, radio-raphophones and television.

Hill Yal! Financials!

Or are you? If not O.K., and if so O.K., but we're glad to see you back. If you don't have Hill Yal, spend a summer in Wellesley—No life, No youth, and No business.

We Bermor's are known as the Greenwich Village of Wellesley but we have a story to tell. Our Club, too! What a charming place. Writers, selling all makers and our typewriter repair is tops. All work done in our factory, New England's largest, and most complete, is second to none. Besides typewriters we have 1500 other items from notebooks to Party Jokes up. Have fun and make your company more plausible. Our Centres are not a country (maybe that's where they belong), but they're different. Make that a call on us any time. Everyone is welcome.

DO YOU WANT A BASSETT PANTHENIL THAT'S DIFFERENT, SEE US. Designed by you for us in ten colors and only $1.25.

If you men that wasted your time by reading this ad, if that's what you call it, come on in and we'll give you a beautiful plastic glass. They cost us 15c Wholesale.

Welcome Students!

To those of you who do not know us— we are a store for men, able to care for most of your apparel needs. We will be happy to have you visit us.
Stuff 'n Snuff

By DOUG BURNS

In quitting, I feel as if I have somehow flustered the audience, or some semblance thereof, because there is a lot of buzz about my quitting. The dictionary defines stuff as "the material used in making something," but I think it's more of a mental exercise. The dictionary also says that stuff "is something that is not really needed or important." I don't think they have any cause for concern.

Some Changes Made

Noticeable in returning to campus is the addition of a new classroom. The term "classroom" has been replaced by "learning environment." We now see the campus as a place for socializing, which is much more important than maintaining the illusion of a formal learning environment. The old classrooms were simply practical spaces for teaching, but they were not designed to foster the kind of informal social interactions that are so important in modern education.

Aimless Writing

Beck, not least, is Mr. Alexander, a student who, in his first year, has contributed significantly to the campus community. His writing is aimless, but it is also full of original ideas. He is a true campus radical, and we are proud to have him on our staff.

Read the Barson Beaver

The Barson Beaver is a weekly newspaper that covers all things related to campus life. It is the voice of the students and provides a platform for their ideas and opinions. If you want to stay informed about what's happening on campus, be sure to read the Barson Beaver every week.

at a summer session at Tulia College. He has also spent some time as a research assistant. His Ph.D. is in Physics, and he is working to improve our understanding of the world around us.

Commencement—Continued from Page 1

Achievement Award. Student Activity Keys were awarded to William C. Arnet, Roger Denison, David B. Bishop, Alvin E. Hendricks, Charles J. McCarr, John B. McElhaney, Donald R. McElhaney, and Richard E. Clark. Especially deserving of credit are Arthur Amsbary, Harvey Ickes, Jack Jefferson, Martin McDaniel, Robert Por, Frederick R. Kern, Kenneth Kroopan, and Howard E. Adams, all members of the College Club who have sponsored and coordinated events for the past year.

Club Activity News

Constitutional Amendments and Associate memberships were the two items of business when President Jack Hurley called to order the first meeting of the Finance Committee this Tuesday. The Club meets the third and fourth Tuesday of every month, it is thus possible to present outstanding speakers in financial fields.

A smoker has been scheduled for Monday, October 6, in the Cup 'n' Banana from 3:30 to 8:00 to which everyone is invited. Applications for this event will be available at that time and name tags will be sold to aid in the "get acquainted" atmosphere. Other events planned for the near future include a Christmas party to take place at the Chem Club's quarterly "Fellowship Banquet Party."

To start the school year, Alphas Chi Sigma Fraternity will sponsor an open meeting in the Cup 'n' Banana on Tuesday, October 10, at 7:15 P.M. The guest speaker will be Mr. Walter J. Jorgensen, head of the Department of Higher, Kent, Willard & Company of New York and London.

The purpose of this meeting is to acquaint the students with the purpose and objectives of Alphas Chi Sigma, and to consider the advisability of Alphas Chi Sigma's sponsorship of the event.
