THE NEW MISS AMERICA

MURPH AT TRIM

Murph is a physical comedian in the vaudeville tradition. His performance is a fast-paced, action-packed comedic production. It is a collection of sketches and routines that take the audience through a myriad of human emotions. His eccentric character inevitable causes him to find himself in everyday, absurd situations that elicit the best of his clowning skill and slapstick techniques.

In many ways, he is the classical buffoon. Thinking he is in full command of the act he bumbles one affair after another. But his real humanity comes through when he seemingly surpasses even his own expectations by accomplishing impossible feats. His quick and witty character has no peer. He cleverly combines the magic of the circus arts, the bite of the stand-up comedian, and the refined movements of the mime and gymnast in a delicately balanced and delightful style. The show is a highly visual extravaganza guaranteed to fill audiences of all ages.

Murph has performed his unique style throughout the world. He was the opening comedian for the NBA's Washington Bullets, performing on the floor in time-outs and throughout the games during the 85-86 season. He entertained at the International Judging Conventions in Anaheim, CA, Cleveland, OH; Santa Barbara, CA; Las Vegas, and Atlanta, GA. He has also played at the Lincoln Center Out of Doors in New York City. For the past 1 1/2 years, Murph has been performing his solo show extensively in Europe for schools and festivals including the International Festival of Foods in Amsterdam and the Wales '79 International Theatre Festival.

TRULY AMAZING

For the last three decades "The Amazing Keskin" has been astonishing audiences while dramatizing the unusual abilities of the human mind. On Thursday, January 28, he will be performing at 7 p.m. in Knight Auditorium.

By concentrating on his abilities with telepathy and hypnotherapy, Keskin can reveal the thoughts of audience participants. "Work with people, and they must concentrate if I'm going to succeed. I'm not a fortune teller or a psychic," Keskin explains. "Basically, I apply the doctrine of the power of positive thinking."

Keskin began performing professionally at age ten. Since then, he has had over 500 television appearances on such programs as "Lifestyles of the Rich and Famous," "Mike Douglas," and "Merv Griffin." He is the author of three books, and his work in dramatizing the unusual abilities of the human mind has been the subject of numerous articles in international scientific journals and magazines.

One of Keskin's most popular acts is to instruct that his check for the performance be hidden somewhere on the premises. If he fails to find the check, he forfeits the fee. Keskin's Babson performance is sponsored by the Programming Board. There will be free admission for students with Babson ID. There will be a $2 admission charge for non-Babson people.
THE DRIVE - IN AT KNIGHT

Think back everyone and picture one of the wildest nights at Babo. Who participated in this event? Along with the Stompers, the Drive helped rock Babson to a highly intense evening.

One of Boston's top local acts, the Drive has been universally appraised for their synthesis of rock and M.I. and B.

Who held a spot in the top

local 5 in 85 with BCM along

with winning the semifinals of

MTU's basement tapes?

Remember the song "Doin'

the Countdown"—of course!

The Drive will undoubtedly be a

show NOT to miss. Consisting of:

Jamie Walker on guitar

Pat Dreier on keyboards

Paul Kichames on bass

Tony Paolino on drums

with all singing. They hope to

see you there!

ROCKIN' YOUR SOCKS

The more you listen, the
more you'll appreciate the
talents of LOUIE MAXX & THE HEART ATTACKS. There is something in this act for everybody—from the up-tempo with the big beat to the ridiculous antics of "Maxx And The Gimm!

It's Rock 'N Roll like it used
to be, but Rock 'N Roll like it
never was.
