GOVERNMENT ATTEMPTS TO RESCIND SCHOLARSHIP

Howard Fazeli, tried uncarefully Monday, November 10, to "call back" the funds recently appropriated to the Student Government sponsored McKeeve Scholarship. Fazeli's attempt to have the action of the Student Government rescinded, failed to receive the needed two-thirds vote last Monday but will be trying for a majority at this next meeting. The proposal calls for a student referendum to decide the Film Society's proposal to place in a trust fund, for a four year scholarship for one Black student, $12,500 which was to be allocated by the Social Committee. Resolved, that the Secretary of the Student Government contact the President of Blue Key, and request on behalf of the Student Government, that Blue Key the referendum of the student body, within one week after passage of this proposal, at a time and place therein to be determined by Blue Key, the following resolution, approval, or disapproval of which shall be determined by the majority of votes cast "approve," or "disapprove" on a written ballot, Resolved, That the President of the Student Government appoint a committee to place in a trust fund, for a four year scholarship, for one Black student, $12,500 which was to be allocated by the Social Committee.

When asked on comment on his legislation, Fazeli said, "Should my resolution to rescind the action pass, my legislation will place the rescinded proposal on a referendum."

Speaking on the issue of the McKeeve legislation and how rescinding could affect the black scholarship, Fazeli said, "These are my proposals, I am not calling a vote to rescind the black scholarship fund, but merely a vote to rescind the referendum as I have specified."

The CHALLENGE MET—coeds endorse marr

Margaret made a moral decision that we stood behind her right to make this moral decision—be it in conjunction with our wishes or not, it was not only her right but her obligation to vote as the situation dictated. We stand by her in her decision and we will continue to stand by her in the future, "We the co-eds of Barnard, "Let's make a new representative— we will work for the man to do the same."

Suggestions Needed For Commencement Speaker

The Ad Hoc Student Commencement Committee has failed to get a sufficient number of responses to its two requests for suggestions on a commencement speaker this May. In its attempt to involve graduating M.B.A., candidates and seniors, the committee took two polls. The first asked for suggestions; the second requested a vote on the list of names compiled from the first poll.

If anyone has any comments or suggestions about the grading system please contact:

Al Roger, box 1043 Tel. 255-6900
Jeff Kirch, box 327 Tel. 256-1155
Mark Lambert, box 560 Tel. 256-9218
Bob Gubelka, Tel. 237-4352

Please put the questionnaire in the student mail slot by Thursday, Nov. 19, 1970.

Questionnaire to be Submitted to Students

The grading Committee has met and has drawn up the following questionnaire to canvas the views of the Barnabon community in regard to the type of grading system desired. It is in the hopes of the Committee that each student will give a thoughtful response by returning the questionnaire through student mail after it has appeared in his mailbox.

The questionnaire will appear as follows:

What type of grading system would you like to see at Barnabon?

1. Check one
   - Present system, (A,B,C,D,F) no change.
   - Modified present system, (A,B,C,D,F) or 5.
   - Modified present system (Pass-Fail).

Modified present system.

Answer yes or no.

- Would you like to see A, B, C, D grades given but no F? If you finished the course, you would get no F on your transcript but you would get no credits for the course. This type of grading system would require that you have no more credits at the end of your freshman year and so many at the end of your sophomore year, etc., in order not to flunk out of Barnabon.
- Would you like to see an exact numerical grading system (90% instead of a letter grade C) ?
- Would you like to see plain A, B, C,D,F grades given out with no plus or minus?
- Other modification of present system, please specify.

Modified present system (Pass-Fail).

Choose the best four in order of preference 1,2,3,4,

- Total pass-fail in all courses.
- Pass-fail in all required courses only.
- Pass-fail in all non-required courses only.
- A choice of one pass-fail grade per semester in any course.
- A choice of two pass-fail grades per semester in any courses.
- A choice of three pass-fail grades per semester in any courses.
- Certain courses to be offered on a pass-fail basis only (several courses).
- A maximum number of pass-fail courses over a four year period to be taken at any time during the four years at the students' choice.
- A choice of pass-fail in any elective course.
- No pass-fail.
- A choice of pass-fail in any business course.
- Other pass-fail system (please specify).

If a pass-fail system is put into operation what should be the time required to notify the registrar of your decision, (check one).

- At registration.
- Two weeks into the semester.
- Four weeks into the semester.
- Six weeks into the semester.
- Until the end of the drop period, nine weeks into the semester.
- Other time requirement (please specify).

If the pass-fail system is put into operation what should be considered a pass and what a fail? (check one).

- A grade of D- or better be a pass.
- A grade of C- or better be a pass.
- Other (please specify).

The only thing wrong with democratic process is the failure to use it.

Vol. 1 No. 7
AN OPINION
by Kirk Hurford

Could you ever dream you were burning in hell and wake up to find out that the Devil had reserved you, if you think, that Dr. Kribbie can tell you what it's like. There is a man who has to satisfy three groups of tyrants: the students; the faculty; and the Establishment, or face a student strike and possible walkout. All you can do is to tell him that all of those could break Bahson, which hopefully is contrary to every- one's desires.

The ability to compromise is a college president's greatest asset. Whether or not Kribbie possesses it, I am not qualified to say. An open-minded observation of the whole situation by the students, faculty, and the Establishment might give him enough room to exercise his abilities.

Finally, we come to the Establishment; all those benefactors, parents, and officials who wish Bahson well-being for one reason or another. They have, metaphorically referred to as "The CEO- terate of Society", changes at about the same rate as a cornerstone; something that is built and will not leave an ineradicable scar. Members of the Establishment are everywhere, yet they're reluctant to recognize themselves as such and therefore are never really organized for change. Bahson's problem is that it is too closely tied with suburbia, as long as everything is calm. When everything is not calm they are totally confused, and so the man who wishes to think in terms of his failure for not trying to change it. All right, maybe you're doing that, but are your objectives and demands reasonable? In the FREE a few weeks ago I read a comment on Dr. Kribbie's reactions to the strike proposals: "If the action by the president of this editorial calls for jeopardizes the college's tax-exempt status these suggest that this status is a luxury that cannot be afforded by the college. If this status ties your hands so much that we cannot look to you for leadership then both the tax-exempt status and the office of the pre- sidency should be investigated and rectified." Does that seem to be a realistic situation to pull the president out?

Firstly, we come to the Establishment; all those benefactors, parents, and officials who wish Bahson well-being for one reason or another. They have, metaphorically referred to as "The CEO- terate of Society", changes at about the same rate as a cornerstone; something that is built and will not leave an ineradicable scar. Members of the Establishment are everywhere, yet they're reluctant to recognize themselves as such and therefore are never really organized for change. Bahson's problem is that it is too closely tied with suburbia, as long as everything is calm. When everything is not calm they are totally confused, and so the man who wishes to think in terms of his failure for not trying to change it. All right, maybe you're doing that, but are your objectives and demands reasonable? In the FREE a few weeks ago I read a comment on Dr. Kribbie's reactions to the strike proposals: "If the action by the president of this editorial calls for jeopardizes the college's tax-exempt status these suggest that this status is a luxury that cannot be afforded by the college. If this status ties your hands so much that we cannot look to you for leadership then both the tax-exempt status and the office of the pre- sidency should be investigated and rectified." Does that seem to be a realistic situation to pull the president out?

Student Government has been a proposal to rescind the action it took on the black scholarship, proposed by Ridge Kribbie. The issue itself has been quite controversial and has opened many eyes to the students who have been so long unexposed to that Government has, by its own actions, placed itself in the spotlight. As we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a history of such controvers- ies, if we if at Bahson had a...
Grad Notes

At last week's open GIA meeting the following G-1's were elected to the GIA Executive Board:

Cree Hilmer-Vice President
John McAuliffe-Social Chair
Bob Millen volunteered to be the grad representative to the Math and Science Department.
The next Student-Faculty Luncheon will be held on December 2nd in Trim Dining Hall. This luncheon will feature representatives from the finance department.

Grad students interested in playing inter-mural basketball are encouraged to contact Jim Black or Bill De Buque. A team must be gotten together by the end of November,

Yes, it has been a dull week.

A non-year girl needs an operation. She has cancer. Her parents cannot afford to pay for this operation. The child's doctor has promised to deduct 50% from the bill for every empty-syphonics package he receives. Interested in helping? Don't throw away empty-syphonics. Did Ye Know?

by D. B. Leeds

If you think the regulations in the Boston dormitories are harsh in the slightest way you will enjoy reading what it is like to be hotel guest in Park Manor South when it was the elegant Park Club House of the 1930's and 30s.

Some background first: The hotel, which was the original building of the Babson Institute, was built by Roger Babson in 1914. Many business men came to the Park Club House to relax for a few days or even a few months.

A room in the Park Club House would cost about $3 a day, which would be comparable to one costing at least $50. There were two public dining rooms which served well over 250 people a day. The grounds to the hotel consisted of tennis courts, a miniature golf, bowling alley, pool, and a spectacular 150 by 50 foot flower garden. It is interesting to note that this garden was the scene of many weddings in the Wellesley area. The illustration is a luncheon menu from the main dining room at the hotel. It was discovered by Miss Sargent in her files.

PLAY-BY-PLAY OF A FLOOR MEETING

By Dave Marcus

The third floor of Park Manor held a meeting on November 5 for the purpose of trying and impeaching It's floor representative, Ed Evans. This action had been brought against him because he had voted in favor of the Black Scholarship in opposition to the wishes of his constituency.

The meeting, which took 45 minutes, was attended by 11 of the floor members, including Evans. From the beginning, most of the floor members were hostile to Evan's position. Bruce Wexner, who had organized the meeting, said that Evans had not truly represented the floor at the student government meeting. The result of the poll on the floor had shown the members against the proposal, 11-5.

Evans then defended his position, saying, "I think now that the black proposal is good because...
"We students support the college, too, and we should give a black the opportunity to come in on this. We really help with the Black and the colleges.

Though not paramount, but still something that has to be realized, is prestige. Public Relations will jump on this and spread the news about the good things we are doing, and give us a better reputation than we have now. Babson students have the reputation of being a bunch of playboys who drive around in Cadillacs and we don't want to be part of that reputation." (End note: The PR office has not and will not release any information concerning the Black Scholarship and the issue is finalized, the Free Press has learned last night.)

"Floor members didn't know all the facts that I knew. There was a good percentage of people who didn't know what the hell it all was about. I was against it to begin with, I took a poll on a yes-no basis. Then I talked downstairs with responsible people.

"I was undecided when the meeting started, but as the meeting went on, I changed my mind. "You guys didn't go down to the meeting, and I didn't have time to go back to you, I had to vote then. So I voted yes."
MOVIE REVIEW:
GETTING STRAIGHT

"Getting Straight" takes place on a beach in California, somewhere in the middle American region of a struggling scriptwriter's mind. According to its real life, to real message, or to real situation, it's been innovating, a flaming radical, a sign carrier, and even someone who is a victim of the powerees in the viewerson's own degenerate soul.

Gildo plays the part of a student studying for his Masters in Education at a large Liberal Arts university. In the past he, like all others, have been a flaming radical, a sign carrier, and even someone who is a victim of the powerful in the viewerson's own degenerate soul.

Dallas 27

The Cowboys have lost three tough games in a row and will be looking for their third win of the season. Dallas seems to have a knack for just coming out on top as they'll win their second straight.

San Francisco 30 Houston 14

The 49er defense is really rolling and I see no reason why they shouldn't continue. Houston's offense with Charlie Johnson leading is very sporadic and won't be able to move against San Fran.

Miami 23

New Orleans 10

Gotta like the Dolphins just because they're back home after two road games. Shula must be steaming after those losses and probably will have the Dolphins up. The Saints will be hard pressed even that last week's 43-7 game was to beat the Lions.

Philadelphia 20

Atlanta 16

Picked the Eagles last week and we won so I'm going with them again this week. Atlanta played great last week against the Rams and could take the Eagles for granted in Philadelphia.

Detroit 17

Minnesota 13

Am probably looking for trouble picking the Vikings against the Lions. Minnesota is their rookie and Lions need this one in the worst way and if we get a bunch they'll get it.

Chicago 16

Green Bay 14

The Pack was very unimpressive against the Chicago Bears last week and should upset. Chicago got run off the field by the 4ders and will be looking for revenge against their arch rival Green Bay.

New York 23

Washington 21

Coppola's kid should be the difference in this battle. The Redskins should hold in the Giant secondary but the momentum the Giants have going for them plus the home field advantage should put them up to 30.
