Racism at Babson?

By Rodger McKenna

For you white liberals who say it could not happen, I present the facts. I make no attempt at denouncing the school, but simply seek an explanation for the recent exclusion of my application for a position on the Traffic Court.

Late in the fall term it was announced at a Student Government meeting that there were several positions open on the Traffic Court. "Would anybody care to volunteer?" the President asked. Nobody raised a hand. I did. Nobody raised a hand. I did. Nobody raised a hand. I did. Nobody raised a hand. I did. Nobody raised a hand. I did.

Racism at Babson?

Editor's note...
on haanuer...

ok...

I find it quite typical that the administration wants to move Mr. Haanuer from the Bacahon faculty. After all, here is a man who represents the image of the typical Bacahon professor, he is old, he is up to date, and he takes a deep individual concern in the students. I agree with the statement made by Mr. Haanuer enlightening courses as Logic, Statistics Management, and National Income Employment and whetever the status of the politician, all unimportant things like current events.

Mr. Haanuer is one of the few professors who has changed his course of study. Most professors are still teaching the same old courses. He is an unimportant course on this campus.

Bacahon has some beautiful捕捉 for new buildings, a new seminar and a new campus in the future. There is something new along with this, isn't it time to get some new professors who are innovative.

Mr. Haanuer deserves a better fate than this. He deserves a better man than he is. Mr. Haanuer's classes are so dull. I don't think he is a good professor. I propose that certain members of the administration and university affairs committee take their classes in order to get a better one. At least, I don't think he is a good professor.

Philip Danell

more...

to the editor,

I am delighted that your paper is considering issues that concern all of us here at Bacahon. This refreshing development in the Bacahon Whatever or whatever has attracted my attention and, now, I do read parts of your paper.

Robert Goodfrid, Editor

I took a course from Mr. Haanuer. He was one of the best teachers I had for the Wall Street Journal, our Business Policy book or such. Mr. Bacahon's classes are so dull. I don't think he is a good professor.

I propose that certain members of the administration and university affairs committee take their classes to get a better one. At least, I don't think he is a good professor.

Robert Goodfrid

on givens...

to the editor,

Unfortunately I read your comments concerning the person of one Mr. Givens, a Professor of Economics. Last week I took a course from Mr. Givens three years ago and found him to be a very shallow and irritating professor. He was a damn good professor. If Bacahon Whatever or whatever was a better school, the school would be much better off.

I think that your comments were well thought out and written. Listen to the man, he has a brain.

Respectfully submitted,

Robert H. Lemer

more givens...

to the editor,

The time has come for Bacahon to speak out and take a firm stand on an unpleasant issue. We have sat quietly for months...
Student Government Minutes

A regular meeting of the Student Government was held on Tuesday, February 17, 1970, the meeting being called to order by the President, Tim Hemingway. A quorum was present.

The Treasurer’s report was the first order of business. It consisted of a review of the Student Government financial situation.

The Social Chairman in conjunction with George Matherson disclosed the procedures governing the selling and advertising for Winter Weekend. As a result of this each Government representative will try to sell at least five tickets.

The chair cautioned the representatives that all projected dorm parties should be discussed throughly with the dorm director, in advance, to receive his approval. It was also stressed that the organization of any approved party may become personally incriminating.

Started in bringing about progressive social change in the Commonwealth through the legislative processes (e.g.; the lowering of the voting and drinking ages, change abortion and marijuana laws) are encouraged to join M.I.G. (Massachusetts Intercollegiate Governments.) See either Tim Hemingway, Dave McClintock, or Anne McCormick.

The licensing Committee motioned that the following licenses be granted and it was seconded:

That Jay Scott Broder be given a license to sell leather and suede goods; Barrie (Drazens) to sell various new furniture items, John Brock and Mark Wetzel to sell tapes, 8-track and cassettes both blank and pre-recorded, and Albert Rogers a campus representative for travel agencies.

These motions were all passed.

A motion was made by Doug Stevenson, chairman of the library committee, and seconded.

That Student Government recommend that the college partition off, through means of glass doors, glass sliding doors or other means, the present study rooms from the periodsicals room in the library.

It is due to the increased noise caused by the recent addition of a copy machine, and to the amount of ringing telephone and voices that this recommendation is made.

The motion was seconded.

The Constitution revision will be held next week when it will be dealt with in more depth.

On the motion of a motion to adjourn the Chair declared the meeting adjourned.

Respectfully submitted,
Anne McCormick, Secretary

A regular meeting of the Student Government was held on February 17, 1970, the meeting being called to order by the President, Tim Hemingway. A quorum was present.

The meeting was first addressed by David McCunnock who introduced the prospect of incorporating the entire Babson College Student Government into a non-profit organization.

The Chair initiated a discussion concerning the delegates being sent to the MBORC meeting. It was seconded.

That Government allocate $75 to the M.I.G. to cover for Babson representatives.

The motion was seconded.

Ronald Robson was appointed as a freshman representative to the class council, as the class council is designed to further class room procedures and lay-out.

The propaganda report revealed that government could stand to either lose $500, break even, or make a small profit; the uncertainty is due to the fact that all the returns aren’t in yet.

The full changes of the constitution were voted on and the entire restored constitution will be prepared for an all student body vote at pre-registration.

A motion was made and seconded:

That Government allocate a sufficient sum of money to pay for printing the new constitution.

The motion was passed.

The Chair brought up the attention of the meeting that there is a Trustee’s meeting on March 4, 1970; it was decided that it would be advantageous to send student representatives. A motion was made and seconded.

That Government approach the Administration concerning the appointment of representatives to the Trustee meeting.

The Carried.

The Chair brought Government up to date on the happenings of the Government Committee. A formal questioner will be distributed to the total Babson Community to determine and redesign, if necessary, the structure of the school.

The first question concerning the proposal for a committee for future social events was tabled until next week. This committee would be formed to a significant representation of the entire student body.

Government wishes to remind the Babson Community of the Sex Symposium of February 25, at 7:00 in Knight Auditorium. Suggestion boxes will be placed in both the dining hall and the post office and students are encouraged to write. It is hoped that all interested students are welcome and encouraged to attend.

Respectfully submitted,
Anne McCormick

Last Tuesday evening, Babson’s radio station WMB, was pleased to present the basketball game between Babson and Bryant College. Through special arrangements with New England Telephone, we were able to bring this exciting game to the Babson Community live and direct from Providence, Rhode Island.

I would like to take this opportunity to thank all those people who helped make this broadcast possible, including: Mike Benhoff, John Noonan, Arnold Chase, and Dave Rosenhalt. Also many thanks to Bob (Johnny Most) Goodfried and Dick (Wayne Emory) Cillo for their outstanding announcing job. Finally, a special thanks to Paul Heber and his Campus Closing Service, as well as Mark Wetherill and John Brogan of Sounds Unlimited who sponsored this exciting event.

It has been brought to my attention that because of the overwhelming response to this program, WMB should broadcast future basketball games as well as hockey and other Babson sports events. I will be very happy to entertain such requests.

I would appreciate any comments that you may have concerning Tuesday night’s program, and any ideas for future broadcasts.

Steve Obetz
Radio Manager, WMB

Campus Housing Reviewed

One of the important areas of the Babson Community is now getting its chance to be reviewed and revised. The critical role played by the environmental factors of a student’s life are well known. That these factors are not always progressing at the same rate as other societal institutions is most often sensed by those living within this environment. The embryonic efforts by the President of Student Government, Tim Hemingway, and Ed Carter, a student Resident Hall Study Committee (to be formed to advise the Babson resident environment and make recommendatory suggestions which will bring the dormitory life in line with contemporary ideals.)

The committee is addressing itself to areas of improvement that can be made available to the students. Much of the public and private policies have been reviewed and, in many situations, changed, it is hoped that the responsibility for other areas may also be transferred to the students living on campus.

At this present time the committee has completed a revision of the housing procedures for next fall. When these are implemented in the spring they will assure a more equitable means of room selection and transition to off campus residence. More will be published about this soon. Other issues scheduled for the discussion include the concept of dormitory self-government and the possibilities of giving residence units local control of judicial processes. Commissions of the student body are invited. If you have a suggestion or recommendation you would like considered, please consider one of the members soon. Selected from the many interested, as possible, including, the Residents Staff, the members of the Residence Hall Study Committee are Fred Evans, David Pullin, Mel James, Dennis Natsong, Doug Stevenson, and Tom Whitson.

Bank Management Seminar

WELLESLEY - "Monetary Restraint Without Economic Disorganisation" is to be the theme of the first of three Bank Management Institute Seminars to be presented by Babson College on February 25, 1970. Designed for senior and middle management, the seminars will serve all banking interests - technical, economic, legislative and operational. Production, employment, tax reform, and fiscal and monetary problems as they are influenced by inflation will be among the topics covered during the first program.

The seminar will feature three prominent representatives of the investment community. At 9:30 a.m., Mr. Peter Sterlings, vice-president, Federal Reserve Bank of New York, will speak on "Managing the Money Desk to Stop Inflation." Dr. Gabriel T. Karelles, senior vice-president, First Devonshire Corporation, New York, will speak on "Managing the Money and the Mortgages." "Monetary Restraint and the Securities Market and the Economy." In the afternoon, Dr. Gordon L. Spangler, business analyst, The First National Bank of Boston, will speak on "Financing Industries Under Monetary Restraint: A Seminar on Foreign Trade." Each seminar will be a 90-minute discussion headed by the respective speakers, allowing for an in-depth discussion of the various topics under examination.

The sponsors of the Bank Management Institute are the Boston Chapter, Inc., American Institute of Bankers Association, Inc., and the Savings Bank Association of Massachusetts.

Further information may be obtained by contacting Dr. Frank C. Genoveo, Babson College, at 351-1100.

Basketball - Still Shows

Shades of Mediocrity

The basketball team is still waiting for its ship to come in as the season is slowly drawing to a close. The only problem is, that their often lackadaisical, waiting-for-the-breaddhunks, has cost them key ball games.

Babson disappoint the fans by losing to Eastern Nazarene 104-97. Although Babson was behind throughout the contest, we had a golden opportunity to pull it out, trailing by only two points with about five minutes left in the game and Babson with ball. However, a couple of key turnovers by Babson enabled Eastern Nazarene to secure the victory. One cannot say much about the play of Babson as he scored 40 points. Jack Teiteltan added 25 points in a losing cause.

Babson's next opponent was Middlesex College and we managed to pull it out by a 82-76 score, again led by Bill Mack's 27 points and 14 rebounds and Teiteltan's and Leip's contributions of 19 and 12 points respectively. Babson was able to chalk up a victory.

Basketball - Still Shows

Hockey Team - melts ice with 6 game win streak

After compiling a 4-4 record during the first half of their schedule, the Babson hockey team has played outstanding hockey, and has pushed itself to the top of the standings ever accomplished by Babson inmen. The key factors behind this upswing have been spirit, desire, and just plain gutsy hockey by each and every member of the team.

Babson started its win streak on February 4, by edging a talented University of Massachusetts-Amherst, by a 2-1 score, M.C. was the next team to take their lumps from the Beavers. Our guys gave the engineers a run for their money as they, by thoroughly whipsmack them 8-1. Assumption College Winch told us they had said an easy rosary before the game as Babson pulmished them by a 6-0 count. Superb goal tending by Fillmore sealed the deal.

The next game was on Feb-

rurary 10 when the once Valentine's Day Masacre by the Saints, with Leip having expected to inflict the damage on Babson. Just so happened that Babson players drove ruggedness, and they proceeded to beat Leip at their own game by a 5-4 score, with the winning goal being scored at 300 minutes into the first overtime period.

The University of Connecticut was really pushed and needed to average a 2-1 loosener. Babson quickly took the starch out of U-Conn's game plan with solid hitting and scoring, and skated to an impressive 7-4 victory. Billy Shea scored 4 goals for Babson which is an individual high for this year's team and possibly an all-time Babson record.

We can't forget to lose another game to Babson by the score of 5-5. Wesleyan had conceded to defeat for upon checking our record they would have won the game was the first time that a team was able to win with 9,000 people.

The Beavers have three games left, in what will be their most successful season, Brockport State and 5 games with Holy Cross make up those three

important games. These games are so important because it is very possible for Babson to make a post season tournament. Babson is ranked second in division two of New England colleges and could take all the honors upon winning all of its remaining games.

The next two games are home. Thursday, February 26 versus Holy Cross and on Friday, February 28 against Brockport State. Be at the games and give this hard working and devoted group of guys a little extra lift to help them in their tournament bid. They are playing for you, and I know that with a win in return is cheer for them.

Another Side of Business

By B. Beck

And where were you when the bomb went off? Mr. Businessman/ were you selling pizza or perhaps a little weed.

You were of course stone/ Building an epitaph which serves you as does the life you lead.

When in your ways you decided that Pursuit was more important than the living

And your tomb will be as empty as your head.

So maybe I'm glad your dead

Burroughs Library, Detroit, says, "There seems to be a feeling among young people that they've found a way to be independent of the corporate world."

About 200 people attended the event, which was sponsored by the National Association of Black MBA's and the Pennsylvania Black Caucus.

Pre-Law Conference

A Pre-Law Conference for Minority Group Student will be held at the Harvard Law School Saturday, February 26, 1970. This conference is being sponsored by all of the law schools of a member of New England Bar Associations, the Black American Law Students Association, the Council on Legal Education Opportunities, and the Law School Admission Test Council. The conference will end at 4:45 p.m. Luncheon will be provided.

Pre-Law Conference will be held to discuss the following topics:

Sex Symposium

Wednesday, February 25, at 7:00 p.m. in Knight Auditorium, will be a Student Government sponsored sex education symposium. Discussing the topic will be a panel of six including: a psychiatrist, behavioral scientist, gynecologist, woman, theologian and a lawyer. Questions and answers will be entertained from the audience.

Open Food Committee Meeting

Monday, February 23, at 6:30 p.m. there will be an open meeting of the Panhellenic Council at the Trim Timing Hall. All interested students are invited to attend and as usual all constructive criticism is welcome.

Givens Cont

was sent to worthless due to the bias inherent in the sampling method. Even if it wasn't, you should have analysed the validity of the criteria without attacking the person.

I would like to commend you for the time and effort you devote to the paper, which is certainly a fair cry from the rest of the campus, but that doesn't give you the right to make libelous attacks on anyone. Good journalism and hard work don't necessarily produce good writing or a good newspaper.

In my view, you have made a fool of yourself and the paper, which you try to defend. Your statements, without a doubt, lack forethought or respect for another person and his right to criticise others as just as you have critici

ized others in the past.
