Dedication

On October 6, 1993, the Babson community suffered a great loss. Jim Perry, Vice-President for Business and Financial Affairs and faculty member, passed away after a long and courageous battle with cancer. Professor Perry has been an important part of Babson for many years— as a graduate student, a member of the faculty and as our chief financial officer. Professor Perry was a friend to all who knew him. His commitment to students and his concern for the well-being of his colleagues were evident in all of his roles. For his numerous contributions to life here at Babson, the Babson Players are honored to dedicate this fall's production to Professor Jim Perry. While his person may be gone, his spirit and influence will guide us as we journey long into the 21st century.

Our Message

No curtain. A small budget. A great lecture hall but not a great theatrical stage. No wings for prop storage. The list goes on... These are but a few of the obstacles that the Babson Players face performance after performance, semester after semester, year after year. Why, you then ask, should we bother with the hours of rehearsal, the bruises from missing the nail and hitting the thumb while constructing the sets, the unrecognized work that goes on behind the scenes?

Each member of the cast and crew has their own reason; a laugh from the crowd, applause, seeing their name in the program; and yes, the cast party. However, interwoven in all these reasons in one common bond - belonging to a hard-working, extremely dedicated group that strives to achieve a single purpose. A sense of unity is created, and from this unity excellence is bred.

Who's Who in the Cast

Dave Pelletier (Dr. Zubritsky) is a Senior at Babson and is majoring in Entrepreneurship. This is Dave's second performance, he first appeared in "Rumors" last fall as Officer Welch. Dave would like to thank all of the little people who helped him through his long and glorious career as an actor. Dave would also especially like to thank Mom, Dad, Pietz 21 & 25, and the House of Lancaster for their great tasting Jello. Finally, Thank you God, Whoever you are...

Lisa Swensen (Snetsky) is a sophomore at Babson. This is her second production as a Babson Player. She has been in "Oklahoma," "The Hobbit," "Romeo and Juliet," "Fame," "Alice in Wonderland," and "The Nutcracker." Lisa has been involved in The Priscila Beach theatre, in Plymouth, Ma. as a young girl. She is currently majoring in Communications/Marketing. Thank you Mom!!

Sarah Flynn (Lenya Zubritsky) is a "first year student" here at Babson, this is Sarah's first performance with the Babson Players. She has been in four other plays including: "The Curious Savage," "Once Upon a Mattress," "Steel Magnolias," and "Bye Bye Birdie" at her former high school, Bishop Fenwick. Sarah hopes to major in International Business and eventually continue on to law school.

Mom, have you found my hubcap?

John Hutchinson (The Count) John's interest in drama started in high school. He was in several student written plays and played the part of Frank Burns in "M*A*S*H," his senior year. In his senior year at Babson John was in the fall production of Neil Simon's "Rumors." John's love for drama is surpassed only by his love for music. One day John hopes to be a famous Rock-n-Roll guitar player, REALLY!!

Michael J. Gustin (The Magistrate)-Class of '97. Michael has been involved in drama for the last four years in high school. He has done such shows as "Dracula," where he starred as Dr. Seward and The Rev. Brown in "Inherit the Wind." This is Mike's first year with the Babson Players and hopes to continue his interest in drama throughout college.

Christopher J. Tiernan (Leon Tolchinsky) aka. C.J., Carl, Curley, Mr. Rug, Chief R.A., Hero, Cool guy... Thanks to Coleman for Nothing!

Dimitri Schneiberg (Mishkin). Dimitri is a Freshman and is excited to be in the cast of Neil Simon's "Fools." He has previously done some high school theatre, but has never before had the opportunity to portray a stupid Russian mailman. Some credits include "Guys & Dolls and "Tartuffe."
Kathleen "Katie Mae" Dunklee (Sophia Zubritsky) Katie returns once again to the Babson stage after her debut last year as Ado Annie in "Oklahoma." This will be her second and final show with the Babson Players, the conclusion of this fall semester Katie will leave Babson in order to pursue her original love for the Arts and Humanities. She hopes to eventually graduate with a major in Social Work and a minor in Music. Although Katie's Babson career is being shortened, the college as well as the Players will always have a special place in her heart. Some closing words of advice (better know as Katieisms): Remember, you can fool almost everyone most of the time, but if you continue to fool yourself you'll be miserable. Do whatever makes you truly happy, because it's never too late and nobody gets a lifetime rehearsal.

Yollimar Arbelo (Yenchna) Better known as Yoli is a senior now and will be graduating in May '94. This is probably her last play at Babson, but when she goes back to Venezuela she'll remember the applause whenever she feels down.

Teresa E. Kiritshy (Slovitch/President) "And now, the end is near, dah-dah-dah-dah....." Teresa is a senior now and relishing every moment of her final college days. The road ahead is unpaved, but she's willing to beat down her own path. This is Teresa's seventh show with the organization and wants all of the Players to know how much she appreciates their hard work. "I'll miss you and love you all!" Good Luck and God Bless.

Gayle Belliveau (Assistant Director) Gayle is happy to be working with the Babson Players for the first time. Her other credits include roles in "Grease," "Rumors," J.B., "The Apple Tree," and "The Wiz." She has also worked as a production assistant on various theater and cable television productions. Gayle would like to thank all the Players for making her feel so welcomed!

Ed Monahan (Director)--"God" Ed is directing his second show at Babson. Last year's effort "Rumors" broke all of Babson's Fall show records. He is looking for "Fools" to have the same if not better success. Ed would like to thank the cast, production crew, and especially his assistant Gayle for all her hard work and dedication. It's what shows are made of. Finally, from this show I know what kind of teacher I want to be.
Congratulations and Good Luck from the Quality Office.
