Babson is about Building
Building campus centers. Building businesses.
Building teams. Building character. Building memories
Building Friendships
Life at Babson
What a Year!
Throughout our years at Babson College, we have developed many skills that will help us to succeed in life. These years have poured the foundation on which we will build the rest of our lives. The friends, the memories, the lifelong lessons, the whole Babson experience has shaped us into the people we are today. An important part of that experience was President Bill Glavin who has helped lay the foundation for Babson's future. His hard work and dedication to the students, faculty, and staff brought this small New England college into the global spotlight. This school has shone brightly throughout his presidency, and we will continue to take great pride in continuing his traditions of hard work and dedication to the Babson community. Not only has he built a solid foundation for students' lives, but he has also brought us Van Winkle, the Olin Center and the new Student Center. We, the class of 1997, recognize the accomplishments and devotion to Babson of President Glavin and therefore are honored to dedicate the 1997 Babsonian to President William F. Glavin.
President Glavin Strides Through a Day on Campus
Members of the Class of 1997

As you prepare to graduate from Babson, let me extend my heartiest congratulations to you for all that you have accomplished during your years here. As individuals and as a class, you should be extremely proud of the role that you have played in strengthening Babson College. I have had the opportunity to meet nearly all of you, and I want you to know how impressed I am with your dedication to excellence both in and out of the classroom.

As you read this issue of the Babsonian, I’m certain that it will bring back many memories of your years at the College. Remember, also, that you earned your degree from the finest undergraduate school of management in the country, and that your Babson education has prepared you well for the new challenges and opportunities that you will meet when you graduate.

As Cis and I prepare to move on to a new chapter in our lives, I would also like to thank you for making our time at Babson so very enjoyable. Babson is a very special place, and it will always occupy a warm spot in our hearts.

I congratulate you and wish you the very best as you move into a new and exciting chapter of your life. I hope that you will enjoy whatever you decide to do in the years ahead and that you will return to Babson often as active, loyal, and supportive alumni.

Sincerely,

William F. Glavin

WFG:amr
“He was more than a captain. If we could take just a little of what he taught us, the world would be such a better place.”  Tommy Boland, Close Friend.

“He was the kind of guy who would give you the shirt off his back...And I want everyone to know what a great person he was.” Brent Larson, Close Friend.

“He was like a son. His sense of humor was outstanding. He was everything you could want in a leader. Michael gave his love and never asked for anything in return.” Richard Echlov, Swim Team Coach.

“An outstanding student, athlete, and friend.” Alan Cohen, Academic Vice President, Babson College.”

“He was an extraordinary young man-decent smart, talented, interested and interesting.” Elaine M. Landry, Professor, Babson College.

A Year In Review

Sports

Olympic gold medalist Michael Johnson won an unprecedented double win in the Summer Olympics in Atlanta. He won the 200 and 400 meter race.

The New York Yankees brought a world championship back to the Bronx by edging out the Atlanta Braves 3-2 in Game 6 of the World Series.

It was late in the third quarter when Desmond Howard of the Green Bay Packers returned his first kick off for a touchdown as a pro. The Packers went on to beat the New England Patriots 35-21 in Super Bowl XXXI.

Peace in the Middle East remained unstable as the school year began. A crisis erupted after Israel opened a new exit in a tunnel alongside a plateau, raising suspicion among Muslims that the Israeli were seeking to change the delicate religious balance in Jerusalem's Old City. The incident proved to be the breaking point in mounting Palestinian frustrations with the lack of movement in carrying out the peace accords. Demonstrations followed where nearly 100 people were killed. The emergency meetings were arranged by President Clinton in Washington between Benjamin Netanyahu and Yasir Arafat.

The seven members of the U.S. women's gymnastic team won the unlikeliest of gold medals in the unlikeliest of fashions. Team member Kerri Strug made the clinching vault on a bad ankle and became the Olympic heroine the instant she landed. Her coach, Bela Karolyi, carried her to the stand to be awarded the medal.
(Above) The stock market surged to record highs as the school year began. It was a continuation of one of the greatest bull markets in history. The Dow Jones industrial average hit record highs in late September, and closed over 6,000 in October. The spark that kept the markets moving upward was news that suggested that the economy was slowing down, thus keeping the interest rates low.

(Left) Months after the TWA Flight 800 exploded in midair in the summer of 1996, investigators were still searching for a cause. The Boeing 747 jumbojet took off from Kennedy Airport for Paris, all 230 people on board were killed.
The Macarena hit all the charts—from Latin to Pop—and enlivened the dance floors all over the world.

Jewel is a 22 year old performer from Alaska.

Tracy Chapman is on the charts with the album “New Beginning.”

Alanis Morissette delivers deeply personal lyrics with a dramatic voice and a dynamic rhythm.

The Dave Matthews Band brought funk into the mainstream. Nontraditional instruments, such as the violin and the sax, expanded the band’s sound and universal appeal.
Bob Dole retired after 35 years in Congress to devote himself full time to running for President. He selected as his running mate Jack Kemp, a former cabinet member.

Ross Perot launched a campaign as the 1996 nominee of the Reform Party by lambasting budget deficits and big government.

President Bill Clinton and Vice President Al Gore maintained a strong and consistent lead in the polls during their campaign for four more years in the White House.

Shannon Lucid is the new record holder for most consecutive days in orbit by a woman with 188 days.

Hong Kong was a colony on the brink of great change in 1997. Great Britain’s lease on Hong Kong is set to expire on July 1, 1997 when the Chinese will reclaim the island.
As we look back at 1997, we see many new beginnings...

Members of the Babson community signing the last beam for the new student center.
Babson star Dan Pucci ended the stalemate with a goal early in the second half. Bill Lawler, the Babson goalie, had an incredible day in front of the net as he preserved the victory for the Beavers. The Homecoming crowd rejoiced for two reasons: Babson’s shut-out victory and the opportunity to seek shelter under the beer tent.

With approximately 5:00 minutes left in the half, coach Judy Blinstrub decided to send Crystal Tifft into the game. With 2:55 left in the half, Tifft broke the stalemate by beating Higgins to place the ball in the back of the net, making the score one to zero. This sent Babson into the half with a great deal of promotion. Balouras was forced to make some incredible saves to ensure the shutout.

Dowd and McGuirk will definitely be the leaders of this team. With this leadership comes a bit of pressure, but both of these runners are looking forward to the responsibility.

Andrew "Clark" Hagerty should be much faster this year after a long summer of pushing potato chips down on Martha’s Vineyard. In all seriousness Andrew is an important part of this squad and will be a factor.

Rugby

No,

Rugby is not a sport for those who enjoy the normal routine. Dizziness is just one of the many altered states your body will succumb to from time to time. In Rugby there are no pads, there is no blocking, there is no break in play, and you play for 80 minutes. In Rugby you are forced to protect yourself, and you are forced to use yourself as both a weapon and a wall. You will be sore, you will be exhausted, you will be dizzy. At times you may want to quit, but you won't. For although you are forced to lay individually, you will learn to think as a teammate. And it is within the confines of the team that you will become a "rugger."

Foley, BFP
Tennis

On Tuesday the Women's Tennis team closed out its season with a 4-3 victory over rival Brandeis.

The number one doubles team of Sorrentini and Clark walloped their opponents 8-3. This win was achieved by strong volleys and "put-aways" by each player. In the last match, which had to be moved indoors due to darkness, the duo of Allison Good and Val Masnicki prevailed in a 9-7 thriller.

Aithal, BFP 10/24/96
While Babson was on offense, Kerri-Lee Klett kept focused while team captain Carrie Goan was quite vocal in her support of the Lady Beavers. The Beavers kept up the offensive dominance until there was 1:30 left in the game. At this point, WNEC made an inspired attempt to end their scoring drought. They peppered the Babson goal with many shots in a very short span of time. Klett was on top of her game and was able to turn back everyone and keep the Beavers on top for their first victory of the season. The final score to this exciting match was 1-0 with Babson victorious.

Keenan, BFP 9/26/96
The third game of the night was by far the most exciting. The second point of the game brought on an incredible rally that had the fans at Staake standing up and screaming. Sara Barrett’s bomb from the left side ended the rally and the fans gave both teams a standing ovation for their inspired play. Jen Carta followed this unbelievable point with an ace, and it was clear that Babson was in complete control. Melissa Bishop’s serving proved to be a weapon for Babson as she finished off Simmon’s with a blistering low serve.

Onorato, BFP 9/12/96
Softball
On April 9 the Babson Baseball gave perhaps its best overall performance of the season. The Beavers plated in 16 runs as they swept the floor with the team from Wentworth Institute of Technology. The Beavers opened the first half of the game with a seven run first inning. The runs continued with three runs in the third, two in the fourth, and four in the eighth. The Beavers would not let up as their bats came alive against the W.I.T. pitchers. Paul Flaherty went 2-for-4 with two runs and the game’s two homeruns.

Senos, BFP 4/28/97
Babson demolished Pine Manor by 40 points en route to their second straight victory...Tufts University did fare much better when they traveled to Wellesley to take on the Green Machine. Kim McBride was named player of the game with 15 points and 5 rebounds...Babson’s next performance was another laugher. Babson once again scored 75 points and outscored their opponents by 40 points...If you thought the other games were blowouts, wait until you hear this one! Babson 80 - CCNY 21! Enough said!

Onorato, BFP 12/12/96
Babson was able to start their season with a victory in front of the largest crowd thus far this season, 450. Babson and Trinity battled to a Beaver victory of 4-3. Senior David Weissman was able to put the biscuit in the basket for the game winner against Trinity. In this game, Sophomore Joe Wurtele faced 36 shot on net, and was able to fend off 33 of 33 of them. Babson continued their stay in the Constitution State with a visit to Wesleyan. Again the Beavers were able to pull out a victory in the hostile confines.

BFP, 12/12/96
Babson faced Conn College in an unbelievable championship game. Connecticut raced out to a 13 point lead in the first half, but Babson managed to whittle that down with sting defense and clutch shooting from Mark Giovino. With the help of big man Mark Teller (27 points, 6 rebounds), Babson tied the game with only minutes remaining. Babson won 100-98 and Mark “Athlete of the Week” Teller was named most valuable player.

Student Government Association

The main objective of the Student Government Association is to represent, promote, and further the interests of the Student Body among the students, faculty, administration, trustees, and any other parties concerned with the Babson Community. It is our responsibility to access these interests through various channels including our weekly House of Representatives Meeting and Senate Meetings. The House, which is elected at the beginning of the fall semester, is comprised of students from every dormitory as well as commuter representatives. The Senate consists of the student leaders from all campus organizations and businesses. The Executive Board is elected annually in a campus wide election held in February.

This year's representatives were:

Kevin Nolan - President
Morgan King - Executive Vice President
Steve Giove - Vice President of Communications
Joe Billante - Vice President of Finance
Paul Nelson - Vice President of Commerce
Robert Spiegel - Vice President of Campus Activities
Tim Mann - Advisor
Admission Assistant Program

The Admission Assistance Program is the largest student run organization on campus. With more than 250 volunteers, we provide a very unique service to the Babson Campus. On a daily basis the volunteers of the AAP give tours, host overnights, and greet prospective students and their families in the office. Over the course of the academic year the volunteers of the AAP also write letters to students, go back to their high schools as Babson Ambassadors, and volunteer for various open houses ans phon-a-thons. The volunteers of the AAP are dedicated students who love their college and enjoy making an impact on a students decision to attend Babson College.

Kara Reid - Overnight/Ambassador/Female Inquiry - Class of '97
Aryn Wood - Tour Guide - Class of '98
Looking Back to the Future - 2/6/97

I began working for The Babson Free Press during Orientation of my freshman year in September of 1993. Since that time, I have developed a passion for this organization. I have witnessed and been part of hundreds of changes that have taken place during my time with the newspaper. As the newspaper grew, I grew. I truly believe I have learned more at the Free Press than I ever could have learned in the classroom. The skills that I have developed while working at the Free Press will surely help me in the business world after I graduate this May.

My main reason for joining the Free Press was to learn what it was like to be a part of an organization of constant change and rapid growth. To this day, I feel that the Free Press is the only organization at Babson in which an individual can contribute freely with a real chance to make things happen. I have made things happen. Today, the Free Press is home to over 68 students who dedicate endless hours to provide you with a quality information and entertainment source.

As the rapid change and quality improvements continue to develop at the Free Press, I feel that the role of Editor-In-Chief must develop even further; the change needs to continue. For that reason, I declare my retirement as Editor-In-Chief of The Babson Free Press. The Free Press is an organization which thrives on energy and excitement. In order to be a part of this organization, one needs to have thick skin. It is not easy to listen to endless negative feedback and personal attacks while trying to advance an organization. However, the quality of people who work on the paper and the friendships that grow from within make the Free Press an organization well worth the stress. Over my tenure at the Free Press, I have become very close friends with many of those on staff. The friendships and memories of the late nights working at the newspaper are the things I will miss the most.

My retirement from the Free Press will take effect today, February 6, 1996 at 7:30 P.M. I would like to thank all of those who have helped me reach my goals as Editor-In-Chief and will cherish the friendships that have developed over the years. On a final note to everyone at The Babson Free Press: always remember that hard times will come and go, be strong, and look out for one another. You are a team and that is what makes you strong. Most of all, as Thomas Jefferson said, don't ever forget that "our liberty depends on the freedom of the press, and that cannot be limited without being lost." Take care, good luck, and thanks for all the good times.

Sincerely,
Lawrence P. Ganti
Editor-In-Chief
Moving Forward, Together - 2/13/97

"Your first editorial is always the hardest." An old friend told me that once but I don't know if I believe it. I am looking at the campus and see a number of important issues I could discuss: the new president, ITSD, vandalism, violence, etc. They all represent real challenges we have to face together as a campus.

That word, "together," is very important in my thoughts about Babson. There are no "students' issues," "faculty problems," or "staff errors." If Babson wants to break out of the Business Specialty School section of US News & World Report, it needs to find something it's missing: a sense of community.

School spirit is the answer we are in search of. It is something much harder to define; something I saw at my previous college but cannot adequately describe today. I need to search for it. Hopefully, I can communicate more of it throughout my term as editor.

This week, the College faces a very serious question. Who will we choose to lead us as the next Student Government president?

Our choices are clear: Tammy Bohsack, Aryn Wood, and Luke Damian. All three are capable individuals who could, if chosen, guide us for one year. The real question, however, is which candidate will fulfill his or her duties with the most enthusiasm and intelligence.

As every past president of SGA can attest, the position takes a toll both physically and mentally. Their role, as Mr. O'Day put it, is to unite the Executive Board, CAB, House, and Senate behind issues he or she feels is important.

With this in mind, I endorse Tammy Bohsack for SGA President. Tammy has exemplified enthusiastic leadership on this campus from the day I arrived. As my orientation leader only a year-and-a-half ago, I remember her energetic passion for Babson, her encouraging words about joining a student organization, and her confident reassurance that transferring really was the best option.

Other examples of her enthusiasm became obvious almost immediately. Between being a member of the softball team, an avid supporter of campus activities, and an active participant in Greek life, Tammy has demonstrated her eagerness to support the Babson community in many ways.
Blue Key Honor Fraternity

Babson’s Chapter of the Blue Key Honor Fraternity is pleased to announce that as of the 1996-1997 school year, it is recognized nationally. Blue Key members are committed to outstanding scholarship as well as community service. As part of their commitment to community service, this year Blue Key members participated in the Hunger and Homeless Week in conjunction with several other Babson organizations by decorating and selling wooden spoons to benefit Project Bread. But all work and no play makes members dull beavers, so they kicked back and relaxed by sponsoring a Pub Night.

Cardinal Key

Cardinal Key is a national honor society that recognizes student’s who show strong leadership skills, academic excellence, and dedication to their school through campus involvement. This year the Babson Chapter of Cardinal Key had 24 members who have helped sponsor many campus activities including the annual Oxfam Banquet and a Faculty Appreciation Night at Roger’s Pub. In addition, Cardinal Key takes on many fund-raising activities to raise money for our national philanthropy, the Juvenile Diabetes Foundation. This year Cardinal Key pledged to raise $750 for JDF. Finally, Cardinal Key members take time to relax together at such events as the annual Chinese food dinner during finals. Cardinal Key members have worked hard to make this year a very successful one and should be recognized for their many contributions.

The Babson Fine Arts Society has gone through a major facelift this year with a brand new executive board. As a result of the momentum initiated by President Liane Hill, BFASers have expressed, experienced, and enjoyed the artistic talents available to Babson students both on and off campus. In one semester, the club has sponsored "An Afternoon of the Arts," showcasing the music of a local jazz band, artwork of Horn Gallery artists, and the poetry of Babson students. Club members also fearlessly trekked into Boston to visit the Museum of Fine Arts, the artistic haven of many Babson students. "The Other Side Art Show" celebrated its greatest success in years as students, faculty, and friends entertained the masses who flocked from every corner to attend the Tomasso venue. On top of all this activity, the BFAS held regular meetings where members were encouraged to share their artistic ideas and creations. Therefore, the BFAS is dedicated to preserving and introducing ways for students to get into the arts at the same time they "get down to business" in their other Babson endeavors.

Get Into the Volunteer Experience

The G.I.V.E. Volunteer Center has organized a variety of events throughout the year which enables Babson students, faculty, and staff to get involved in the community. G.I.V.E. organized the Hunger & Homelessness Week to raise Babson's awareness to these problems. This year one of G.I.V.E.'s major events was the building of the Ward School Playground in the October. This is an addition to the numerous other activities which occur on a weekly basis in the G.I.V.E. office.

Kappa Kappa Gamma
Tau Kappa Epsilon
Alpha Kappa Psi is a coed business fraternity that does not discriminate. The brothers are active in all aspects of Babson -- sports, clubs, as well as Greek Council.
Theta Chi was established at Babson College in 1971. As we enter into our twenty-fifth year at Babson, the goals and integrity of the brotherhood have remained unchanged. The aim of our fraternity is striving to promote the idea of “Strength Through Brotherhood,” along with maintaining a strong presence of scholarship and academics within our motto, “Alma Mater First, and Theta Chi for Alma Mater.” Our philanthropic activities include the semiannual Blood Drive for the American Red Cross, Adopt-A-Highway, Walk For Hunger, and the Couch-A-Thon which has benefited both The Make-A-Wish Foundation and Ronald McDonald House. THETA CHI FOR LIFE!
Sigma Phi Espilon

Sigma Phi Epsilon Fraternity was established at Babson College in 1994. The aim of our fraternity is to promote virtue, diligence, and brotherly love through brotherhood. Some of our activities include volunteer service, ropes courses, paintball, and various sporting events. We have received the Philanthropic Award for our community service efforts. Since our inception, we have won Greek Week every year as well as the Academic Award for having the highest GPA of all fraternities and sororities on campus. Our future plans are to continue our community service, as well as redefine the meaning of fraternities by maintaining the largest and strongest chapter on the Babson College campus.

School Days
Thanks for the memories! -Nicole
Thanks for all the laughs we've shared...

I'm going to miss you guys!!!!
Pietz 23

The Blackout Suite!!

In 23, everybody is Laura!!

Raquel Calvelos

Ruth L. Siporin

Kate Griffin

Amanda D. McCauley

Sangita Kuba

Don't even talk to me right now because I hate things with penises!

Jack Lives Here!

Laura Smith

Did you get the license plate of the mack truck that hit me last night??
Congratulations

to the

Class of 1997

Welcome to the Babson College Alumni Association!

Best wishes for happiness and success in the years ahead.
We value your continued involvement,
so please stay in touch.
