HONORS DAY SPEAKER

New Grading System

A new grading system was recently adopted by the faculty to become effective for the 1968-1969 academic year. This system will provide equal point distances between grades, making averages more meaningful. A single, final letter-grade with plus or minus if applicable, is entered on the student's permanent record for each course. Averages with plus and minus values have the following numerical equivalents in calculating grade averages:

Letter Numerical Grade Value
A 12
A minus 11
B plus 10
B 9
B minus 8
C plus 7
C 6
C minus 5
D plus 4
D 3
D minus 2
E .5
F 0

Examination permitted

The term average is computed by multiplying the numerical value of each letter grade by the term credit hours for each course and by dividing the total numerical value by the total term credit hours for the courses taken during the term.

The cumulative average is determined in the same way as the term average. Averages are rounded by carrying the figures to the third decimal place. If the third decimal place is five or higher, the average will be rounded upward. If the third decimal place is less than five, the second decimal digit will remain the same.

Mid-term warings are given by the faculty to students whose grades are below C (or 60%)

6:45 - 8:30 Dinner in the Trim Dining Hall, Candlelight and dinner music will provide the perfect atmosphere for a relaxing and enjoyable evening. The meal will include Assorted Frukts, Jello Molds, Tossed Green Salad, Italian Style Potatoes, Vegetable to Jour, Assorted Cold Meats, Seafood Newburg, Steamship Round of Beef, Assorted Fruits, Assorted Desserts, and Beverages.

Play at Wellesley Senior High, The Babson Theatre Guild presents Champagne Composter. Many hours of hard work by a fine cast of students will make another successful performance--a fitting finale for the evening.

Sunday, May 26
The entire day has been laid open to allow the parents and their sons a chance to spend the time together as they wish. We feel that this "free" time is a very necessary and integral part of any Parent's Weekend, and we hope that parents and students will make use of this opportunity to add the finishing touches to another successful Babson Parents' Weekend.

PREREGISTRATION

Preregistration for courses offered in the fall, 1968, will be conducted for three days, May 27 through May 29 at the Hotel Annex. Students returning this fall to continue college studies must preregister on one of these three days, either in the morning between the hours of 9:00 to 12:00 noon, or in the afternoon from 1:30 to 4:30 p.m.

As to spring term, you will receive a section schedule with courses listed together with a green course check sheet. A master course schedule listing all courses offered during the fall, 1968, will also be posted around the campus in the library, dormitories, Park Manor, Trim Dining Hall, etc. If, for some reason, your section schedule is not acceptable, or if it is blank because you are on a special schedule, consult the master course schedule, select course(s) and plan a suitable fall program. Bring both your class schedule and green check sheet to pre-registration in order for a counselor to approve your courses.

You must take the courses with the section to which you are assigned. You will not be permitted to exchange the same course with another section unless there is a course conflict which prevents the scheduling of two required courses.

Courses must be taken during the term in which they are scheduled for your section. Course substitutions will be permitted only for reasons stated on page 8 of the Babson Student Handbook.

Preregistration will enable you to know in advance the courses you will be taking this fall and it will eliminate the need to plan a course schedule on your return to college. Registration in the fall will be less involved and much less time consuming for you.

Paul G. Wilmot, a Babson Senior, will present the main Honors Day address, Saturday, May 25, 1968.

Paul G. Wilmot has been named to present the main address at the Honors Day Program this Saturday at 10:30 in the Knight Auditorium. Once again this year Blue Key Honor Fraternity was asked to name the speaker for Honors Day.

Wilmot, a twenty-one-year-old senior, is well known on the Babson Campus. Born in Kansas but now living in Elkhart, Indiana, he transferred to Babson in 1965 from Indiana University. A Distribution major, Wilmot plans to become a Stock Broker after completing his Navy officer's requirements. His accomplishments at Babson are quite outstanding. He is a member of Blue Key and also a member of Alpha Delta Sigma. He has served on the Committee on Student and Social Conduct, the Alumni Relations Committee, as President of the Young Republicans Club and as an active member of The American Finance Association and the Epicurean Society.

The function of Honors Day is to distinguish students who have made outstanding contributions to Babson's extracurricular activities and who have made superior achievements academically. The Honors Day Assembly has become somewhat of a tradition at Babson and is of lasting significance for all students.

Some of the awards to be presented include: the Roger Babson Award, which is a trophy given to the senior who, in the opinion of the faculty, is the most outstanding in scholarship, student activities and leadership; the Alumni Business Initiative Award, which is a plaque awarded to the undergraduate showing the greatest initiative in conducting a business venture. Other awards are given by the Sports Car Club, the Theatre Guild and The Society for Advancement of Management.

As this assembly is part of the Parents' Weekend, a full school participation is desired.
Editor's Note:

In the last issue of the EXECUTIVE, an article was printed in the Vox Populi column which was written and signed by Bob Lemir. This article is reprinted here with all of the many letters received. Many students wrote to commend Bob Lemir's article. It has been and will continue to be the policy of the EXECUTIVE to print all pertinent letters and articles that contribute constructively to the public discussion of the issues involved. This policy, we feel, is in the interest of impartial journalism.

To All Concerned:

Last night, May 14, 1968, I witnessed one of the most disreputable scenes I have ever seen. After my speech to the Admin. Charge Chapin gave us school, he was attempting to call attention to the reknown African Foreign Student. I would like to say personally, that I would have to be a member of the Babson student body to believe. This is happening daily and we must accept the blame that Chapin will please accept my apology for the incident.

The kind of comment made by Remson is typical of his outlook on America and Babson. Has anyone ever heard a kind comment from Remson about any of his mouth? We can imagine that if he had a telephone number, or a school list with the school. For a fact I believe that he has a kind comment about any of his mouth.

The last note, personally taken him out and treated him the way he should have been treated. After all, I wonder how many more Babson students have been abused by and want a *person* like this associated with us? I do believe that Remson is afraid to let anyone know where he lives or what his phone number is. I am not suggesting that I could do anything, because I could not. But if we students get together, I think something, anything, could be done. Think about it, ARE YOU PREPARED TO BE ASSOCIATED WITH OUR SCHOOL AND REMSON? IF YOU AGREE, SEE ME.

Robert H. Lemir

Dear Sir:

I am not sure about what operational criteria are used by your Boards in determining the minimum of letters for your column, *Vox Populi*. However, they stand as evidence of the fact that a large amount of material is required to be put forth in order to have one's words heard. The letter by Mr. Lemir is one example of a very strong letter that is written in a very strong fashion. It is true that Mr. Lemir's letter on the subject of Babson's administration is one of the most outspoken that I have ever seen. I am very proud to have Babson as my school.

The letter by Mr. Lemir must be interpreted as an invitation to other students to participate actively in a reevaluation. As an assertion such as "But if we students jointly go out and say something, anything, can and should be done," I wholeheartedly agree.

Mr. Halle may have been impolite, Mr. Lemir's proposal not to support the current administration, it threatens literally to paralyze the student government. The Editor must be blamed for not exercising good judgment in allowing this discussion to continue for any longer than it has. It is a good idea to have a certain amount of dialogue, but not at the expense of the administration, and actually not at the expense of the magazine.

Mr. Donald M. Levine

Assistant Professor
Division of Mathematics

Dr. Jack Zucker

Sincerely,

To the Editor:

Along with many other faculty members, I deplore the tone taken by Mr. Lemir in his recent letter to the EXECUTIVE. One has every right to refute another man, even, perhaps, to insult him. But one has no right to call for physical sanctions. One can say that this kind of thing does really mean what he said. If anything happens to Mr. Halle as a result of Mr. Lemir's letter, the reputation of Babson will certainly suffer.

Sincerely,

Jack Zucker

To the Editor:

Sir:

I write in reference to a letter the Babson community received from Mr. Lemir. The function of the Babson community, with this kind of letter, is to distinguish the line between freedom of speech and the right to abuse this freedom. A challenge of this principle of American law in this manner leaves very little hope for the freedom of speech in a crowded theater. You have the right to support the application of this principle to a letter in which the clear intention is to commit violence, perhaps to physical violence, which we are all instructed by the federal government to have a representation of the profound sickness of American society, where Babson is in all probability an example. This doubtless its existence anyway. You have done, then, no service to the college and brought no credit to yourself by an editor allowing the publication of that fostering symptom of the disease.

Yours truly,

Richard P. Flaumga
Assistant Professor of English

THANK YOU

This will be the last issue of the EXECUTIVE this term. I would like at this time to thank the staff for their hard work and long hours, especially our typist Miss Georgette De Svea. Thanks are due to be extended to our advisors Mr. Zucker and Mr. Couglin for their advice and support. Lastly, I would like to thank our readers for their patronage and response.

LETTERS TO THE EDITOR

The EXECUTIVE

played ignorance of a program which he helped to bring about. Somehow I just cannot grasp it. Since the lack of motivation for such a destructive comment, if it were due to a voluntary contributory involvement, and if the Fadus's gains exceed those of the new administration, then I should feel that the spirit of the kind (or kindness) was beneficial to a cause (to his cause). Since I don't share his motivation I should think most students would appreciate hearing Reesem's views on the matter.

I have always held the belief that one who attends a private institution has the privilege, not the right, to express himself. No one, even Mr. Lemir, could criticize anyone's right to hold a belief, but expressing that belief on the Babson, Columbia, or Fordham campuses should be recognized as a privilege.

Somehow at a "liberalized" business school, where inequities do exist, I just can't picture a radical or racial take over of the President's hand (or perhaps, any radicals). For future reference, however, we may now demand that the privilege we have in attending this institution, the right to criticize should never be admonished or denied. I do believe that Mr. Lemir and Mr. Halle would benefit greatly if they could learn to criticize constructively, rather than destructively.

Respectfully,

Steven M. Levy

To the Editor:

Chairman Babson studen t is sure to carry with him the lasting friendships made with members of the faculty. Of the 50 students none have come close to matching Babson's faculty for sincerity interest in the student body. Because of this, I was particularly surprised that Mr. Lemir had felt it necessary to resign with a call for better. Mr. Lemir had expressed his resignation with a call for better. Mr. Lemir had expressed his resignation with a call for better. A teacher develops a good relationship with his students through observation of his personal understanding, facts, etc., and I find it easier to carry with him to my new position.

Carleton F. Klimer, Jr.
The View From Mary's

Well, I see that I'm going to have to re-enter the forum of Raymond Lemmer's article. It seems to me that the KKK has formed a chapter at the institution, clannishness is that, it is hard to be heard good to see that a member of the department of rundown camps in the world is banding this organization! It just goes to show that in America anything is possible.

Some of you might think that there is a paradox involving. Not so! Tony explained the whole thing to me the other day, and I must admit, it brought a tear to my eyes. Some time yesterday he was the perspicacious, today he is the perspicuous. What a successful story! I must say that Raymond Lemmer will now be a center of entertainment. Lynching, scourgings, and other forms of fun will replace the more conventional activities of the college campus. (The Grand Wizard of Bahon, Mr. Chapin, along with a Modder and a few of the more talented folk at Dachs and Associates, have come to the people, that is, the students, that is, the students, that is, the students, that is, the students, and coined the phrase, "Vall, come hear."

Tony also says that we must be prepared to throw around at "The Exec." Where but at Bahon would such a school have the courage to publish a literary magazine with the title of independence which was embodied in Mr. Lemmer's letter. That's what I call discerning editorial judgment. Let Tony and I impress upon you the importance of this new campus "club." If you're interested, see Bob Lemmer!

Don't let the apology get you down.

NUTTYS FAIN

In his letter of May 16, Mr. Lemmer's article is now available. It seems to support the suggestion that Mr. Lemmer may have caused a great deal of unhappiness at Bahon for George Wallace and that if Mr. Lemmer were a white American, he would have kept his cold.

Mr. Chapin can do without Mr. Lemmer's apology, indeed, I am sure Mr. Chapin will be much more pleased with Mr. Lemmer's letter (a copy will go with this letter) than by a remark, which if rude (I was not sure), it was quite offensive in spirit by Mr. Chapin, who like most speakers, is surely producing a great deal of heat.

The American Motors "car rating" is possibly their way of making sure that they are easily open to misunderstanding. I don't question Mr. Chapin's motives, but I submit that if he was aware of such possible mis- impresario, I would have prepared to encounter it and per- suade him of his error. He was invited to the Memorial Fund in another manner. If Mr. Chapin was not aware of the significance of the point of Reesom's question, if not from the way it was articulated.

But worse, Mr. Lemmer's let- ter, in the words of one faculty member, was an "invitation to hell and Damnation". There is no room on any campus for exhortations to violence—by blacks or whites. That Mr. Lemmer has no democracy, a fundamental freedom of speech and if this liberty is to be denied, then we will be inviting the Reds and Fascists who suppress unpopular opinions. The atmo-sphere which Mr. Lemmer seeks to create at Bahon is something that has been responsible for much of the injections in America, because the opposite is so much of the time, because of that, in order to have any Beckats and suppress their reputation is at stake.

Mr. Haile's question to Mr. Chapin on the night of his lecture is worth stating. There is no letter that followed in the EXECUTIVE written by Mr. Lemmer which, as a matter of fact, the admission of independence which was embodied in Mr. Lemmer's letter. That's what I call discerning editorial judgment. Let Tony and I impress upon you the importance of this new campus "club." If you're interested, see Bob Lemmer!

FLORIDA
Faculty Champions Students
President Resigns

TALLAHASSEE, Fla. (UPI) -- Florida State University President John Champion resigned this week in a move to end a campus leadership dispute over the use of four letters in the campus literary magazine. But the board of regents has refused to accept the resignation of the president.

Champion resigned after the letters and science faculty, representing the largest bloc in the university, held a special meeting to discuss the university's censorship of student publications. The faculty voted by a vote of 17-15 in a motion to censure the president and demand his resignation if he would not reverse his decision to censor an article written for the Legend, the literary magazine.

The president announced his resignation only 30 minutes after the faculty vote. "In view of this sentiment, I hereby tender my resignation with regret, but in the interest of the university," he said. His statement further said, "I am in a position that I no longer enjoy the confidence of a major segment of the university family."

The Florida board of regents, however, held an emergency meeting and refused to accept Champion's resignation. Champion has not responded to the board's action, but many observers think he will make his resignation stick. Others say he can be persuaded to stay.

Three of Champion's assistants resigned along with him. They were the director of academic affairs and the administrative assistant to the president. According to rules established by the board of regents, Champion is responsible for all student publications. Champion insisted he made his decision the day before the special faculty meeting not to let a controvertial short story, entitled "Fig Leaves," appear in the magazine. The short story is about two undeclared students who use a variety of four letters, on a limited basis, in their conversation.

Champion labeled the article "filthy and obscene." The board of student publications earlier had cleared the article for publication because of its literary value, but the board felt that the four letters added to the mood and tone of the story. Hundreds of students have protested against the censorship, before Champion announced his final decision, the students held a 24-hour-a-day vigil in front of the administration building to avoid his announcement. After Champion's resignation, Acting President Lawrence Chauncey appointed a student-faculty committee to study the board's regulations set by the Regents last year. The committee's report, which is due next week.

Some observers say they are not fighting against Champion, but against the strict regulations set by the Regents. They say they will be satisfied if the rules are changed. Other students have held public demonstrations in support of Champion and his censorship decision. Many observers have been surprised at both the students' and the faculty's reaction to the censorship, because both bodies traditionally have been "rebel" and "intransitive."

Public opinion around the state has been sharply divided on the issue of censorship. The board of directors of the alumni association passed a resolution urging that all faculty members who failed to support Champion be fired. And despite the fact that the student protests have been extremely orderly, some student participants have been punished and threatened. Some students, for example, have lost local scholarships, and some law school students have received subtle threats that they may not be admitted to the Florida bar. Orlando Sentinel called the demonstration a "hijack power play," and they are evidently the "men of the country."

Secretary of State Tom Adams, the major Democratic officeholder in the state and a candidate for the GOP presidential election, said he hopes the board of regents will see to it that the university is led by someone "determined to obtain order and_Table the excesses of the "men of the country."

Champion's decision to censor the short story is not the first action of administrative censorship of student publications this year. Both the student newspaper, the Flame, and the campus magazine, Smoke Signals, have been censored by the administration.

LETTERS
To the Editor:
Mr. Lemer, the letter in the May 16 EXECUTIVE should never have been put into print. Both the EXECUTIVE and Mr. Lemer should have realized that the publication of one letter can lead to civil action.

If Mr. Lemer felt that Reesman Hallie had insulted the Chairman of American Motors, he should then and there give Mr. Hallie, Mr. Lemer, he could have possibly given Mr. Hallie a lesson in good manners. He is interested in forming a "looks mob," Southern style, I guess Mr. Lemer is overacting a little, or playing with the better part of the South, as exemplified by Dean Rush, William Fullbright and others from Warren

Yes, Mr. Lemer, to make up, perhaps, for some inadequacies of his own, choose to take up knifing with Bull Connors, a man whom, I am sure, he admires without reservation.

Which brings us to a final consideration, though his gutsy feelings are understandable, he has said something worse than simple arrogance and cowardice. He has bet the school, which is a lie, the true reputation of American Motors. None who are "wise" know that moral Lynchings take place in our residence halls. Must we, Mr. Lemer, and especially Reesman in betraying the truth about the ever-echoing Reesman minority?"A Dissected Senior

GRODES
The minimum scholarship average required for admission to the university is 3.0. The minimum term grades are made available in January and March when students receive 100-90 grading terms. Spring term grades are made available in June, Dean's List. Undergraduates with term averages of 3.50 or above are recognized by being placed on the Dean's List. To be eligible for the honor of being placed on the Dean's List, students may have no grade lower than C plus and no more than one "D" in any term.

This should be adequate for the student's catalog, however, it is necessary to fulfill whatever there is in information. Undergraduate averages. On page 32, under the catalog, "Degree Requirements," changes must also be instituted. Paragraph 1-2,000 should read 5.00. Following paragraph 6, the following changes must be made: any grading major earning a 90.0-97.75 cumulative average will graduate with distinction; 97.9-100, highest distinction; above 10.0, highest distinction.

One additional item pertaining to the grading system was adopted by the faculty. This item, as follows: a square member can receive the square member for a "with distinction."

This grade does not carry extra quality points, but the addition, "with distinction" will be posted on the student's permanent record to indicate the excellence in the course.

GRADUATE PROGRAM REALIGNED

Day and Evening Graduate Programs at Babson Institute are being realigned to both academically and organizationally, it has been announced by President and Dean of the Babson College: Office for Continuing Education and registration procedures are being streamlined. The Office for Evening Program office of the Babson College is being made a separate entity, and Mr. Hams will be added by Mrs. Helen Spelman, who has been associated with Babson College since its inception. The evening program from 8 to 355 students and the increasing use of computers in teaching has prompted the above changes.

The graduate program has undergone extensive revision both in range of choice and intensity of coverage of the rapidly expanding science of business management. A student will be able to secure either a general Master of Business Administration degree or one with concentration in accounting, finance, marketing and management. Accompanying this change in the evening program, a new full-time faculty is being added to the nonpartisan position in what I have called for and, the non-partisan position which the former Inchon sponsored suggests, A State Department official has urged.

To the Arabs I say you should accept this State of Israel as an accomplished fact. To me, I say you should come to truly look upon yourselves as a Middle Eastern State and see your own future in the context rather than as a headquarters or nucleus so to speak, of worldwide grouping of peoples of a particular religious faith who must have a homeland of their own, and that the two states could coexist.

Despite the distorted presentation of the Arab-Israeli conflict in many American papers and magazines, I was encouraged to find that when students (in international relations) were asked whether America should 1) support Israel; 2) support the Arabs; or 3) remain neutral, a U.S. settlement of the dispute, seventy percent opted for the third choice.

Finally, America's foreign policy has long been hampered in the Middle East because of American Zionists who is at this time American Zionists recognized that what is in the interest of Israel is not always good for America and that Israel's Zionist policies are not well received by the Arab-Israelis and the ultimate stability of Israel's Jews. It is to end to see that some American Jews are skeptical of American policies and chagrin regarding Southeast Asia while at the same time swallowing Israeli propaganda. As Jews (this writer included), as Christians, or as human beings, we must recognize that the future of all mankind is involved, included with the dictates of morality and justice.

THREE YEAR PROGRAM

Planning to graduate in three years. The proposed new program is to pick-up three of the required courses. This would be the summer between the second and third year and would consist of three courses concentrating in a period of six weeks. The courses: Business Law, Speech, and Management of Accounting. Exemptions may be taken here at Babson in the summer of the year, and an exemption that has been approved by Mr. Hamza.

Dean Carpenter pointed out that this is the only opportunity to take all four courses in the three-year program, and that if the student dislikes the heavier load, the

Army Offers Gold Bars To College Grads

Guaranteed assignment to an Officer Candidate School is the Army's enlistment incentive offered to college graduates with no prior military experience. According to 2nd Lieutenant Ronald Barry, who will be on campus with the OCS Selection Team at the Welcome Center on May 29, 1968, the offer comes as part of the current expansion program to meet an increased need for junior officers.

"College seniors from accredited colleges may apply for active duty with assignment to Officer Candidate School if they are citizens and at least 17½, but not over 25 years old. This is an exclusive, demanding program for young men who are aiming high and who have the physical stamina and mental capacity to be an Officer in the United States Army. Those who qualify will receive leadership training reserved for the "cream of the crop."" Successful candidates will be commissioned as Second Lieutenants and will become eligible for a wide range of leadership, confidence and leadership that will pay off in a civilian career."
LETTERS
To the Student Body.

Recently an event occurred here at Babson which will go down in the annals of the school. The event and one which followed it concerned two students: Mr. Roy Chapin who was a student at Babson and Mr. Donald A. asked one of the rudest most unbecoming questions I have ever heard. The question which doesn't need to be restated, was addressed to Mr. Roy Chapin who gave his time to Babson and address the student body, in a gesture of good will, Mr. Chapin was kind enough to arrange for two brand new cars to be available to help benefit the King Scholarship fund. I was in an attempt to cause trouble and embarrassed Mr. Chapin for some reason I have never understood, asked the rudest and most unbecoming question I have ever heard at Babson, and perhaps anywhere.

Student body voiced its extremely justified, though perhaps poorly expressed outrage at this insult. I felt the question so rude that I personally apologized to Mr. Chapin for such an insult, as did several others on behalf of the student body. I feel that Student A should not go uncensored, although his "question" was met with student response etc. for marring the reputation of the Babson student body and questioning the integrity of Mr. Chapin, who showed himself to be a gentleman of the finest quality in his handling of this rude show of ignorance.

As can be seen by an accompanying letter in this paper, the same thing, disturbing the model of politics in the last six years and of the attitude in general which has reared its head once more. "Disgrace" in effect calls Student B a "Sorority Bigot" and demands the South as the bell hook of prejudice and discrimination. Would you presume to claim that as a "Sorority Bigot" I personally and officially invite you to call me that to my face? At least if you do you would, I greatly admire such an act. By failing to sign your name it clearly rings the very cowardly you so wretchedly accuse Student B of, be asked to sign his opinions and signed his name to them, you did not.

Freedom of speech does not allow one to yell "fire" in a movie theater, neither does it allow or condone rudeness, insensitivities or slander. Everyone has a right to express himself, express his opinion. And though freedom of speech has its limitations everyone does not that provided they do not do so in a way that infringes on the rights of others. GREEN RESIGNS

Mr. Jeff Green, swimming instructor, athletic coach, and admissions counselor, has decided to resign from the Babson coaching staff. Mr. Green's interest in student affairs and coaching would include him in the position of Director of Student Activities at Bryant & Stratton College and contribute, according to the Board of Trustees, to the bettering of the morale of the students and to the bettering of the students who are part of Bryant & Stratton College.

Robert Karrake, another distinguished Junior, the Senior List and is taking the Honors Program. He is a member of Alpha Delta Sigma, a student at Babson, and is a student at Babson.

A true all-round sportsman is Kevin Leip who is captain of Babson's basketball team. Kevin, a member of Alpha Delta Sigma, is a gymnastics and plans to go on for his C.P.A. Certificate after graduation.

Blue Key, a unique nationally recognized fraternity should not be thought of as a typical honor or service fraternity but as "a" aid to higher education. Blue Key offers those in need of political group in order that it may assume the responsibilities enumerated in its constitution and the responsibilities entrusted to it on the Babson campus. Inherent and necessary is assuming these duties as a member of Blue Key, an individual must be ready and willing to subordinate his previous responsibilities to the campus to the philosophy and ideals of Blue Key.

The activities of Blue Key are diverse and many, some recognizable and others inconspicuous. Those recognizable range from conducting campus elections to entertaining the Honors Day and Founders Day, those inconspicuous range from making contributions to worthy charities to the founding of the Beta Gamma Sigma scholarship society.

It is in these ways that Blue Key men live up to their motto: "Serving, Live."
