

The Babson Genealogy: Descendants of Isabel Babson who Arrived at Salem, MA, in 1637

By Catherine Finney-MacDougal, B.A.

Published by Eaton Press, Watertown, MA, 1978

<http://babsc.iii.com/record=b1050755~S0>

Originally intended to serve as an updated version of Roger Babson's 1934 *Babson Genealogy*, the 1978 version was actually published separately when it was discovered that numerous branches of the family history had not been included in the earlier work. This edition contains 84 (tenth generation) families; the 1934 book contained only 35.

**Gift to the Babson College Archives
