THE NEW BABSON EXECUTIVE
THURSDAY, MAY 19, 1966

HAWK RESIGNS

VANNI DOES HONORS

May 11, 1966

On behalf of the Executive Committee of the Trustees, the President wishes to announce that it is with regret that they have accepted the resignation of Mr. James Hawk as Business Manager, to become effective the end of August of this year. It is anticipated that the Treasurer will assume the major duties presently performed by the Business Manager.

Henry A. Krobel, President

Last week the Administration announced that Mr. James Hawk’s resignation had been accepted. This comes as a big surprise as he was due to retire last year but had been asked to remain on for another year. Hawk said that he had given the matter some thought and had, at the start of this year, decided to resign.

Hawk has held the vulnerable position of Business Manager for the past nineteen years. He has carried the institute’s policy very efficiently. And it is mainly because of this that he has been, so subject to student criticism; criticism which has grown increasingly recentley. Unfortunately, these attacks, which should have been buried on the Administration policy, have been directed personally to Mr. Hawk, who has had, in his own words, “no choice but to implement the policy.” As always there are two sides to every story, but it would do a few people well to hear Mr. Hawk’s side.

It has been announced that Mr. Putney, who is presently the Treasurer at Babson, will take over most of Mr. Hawk’s duties. The remainder will be absorbed by the other heads of staff.

NEW MEALS NEXT YEAR

A recent interview with Mr. Bert, food manager here at Babson, revealed that beginning the fall term a new menu will be served at Trim Inn. Mr. Bert revealed that the change will come about due to his resignation. According to him, five good service committees have been contacted and it is up to them to bid for the contract to supply the Institute. As of yet, however, no definite decision has been made and in any case will not be made by him, but rather by Mr. Hawk and/or Dr. Krobel. More news will be following in next issue.

Judicial Reps Elected

The library room proved to be the scene of nearly six hours of interviewing applicants for the Student Judicial Council by the members of student council presided over the interviews in which twenty-five hopefuls expressed their judgment on a topic, concerning the question of the future of a sample student to student.

Decisions ranged all the way from complete rejection to acquittal. After weighing the merits of each applicant individually, the cabinet voted to elect Richard D. Keller and William Yeo to the position of Student Judicial Alternates. They will take office immediately.

Robert J. Vanni has been named to present the main address at the Honors Day program this coming Saturday morning at 10:00 a.m. in Knight Auditorium.

Once again this year, Blue Key National Honor Fraternity was asked to name the speaker for the annual Honors Day program. There are no specific qualifications leading to this honor; that is, only that the choice be eminent in the minds of all. Bob, a twenty-year-old senior who resides in Massapequa, New York, is no stranger to the Babson community; indeed, there are few students who have not had some occasion to come in contact with him in some phase of Babson life.

An Economics major while at Babson, Bob plans to study International Law in graduate school, and later to enter the field of Law and International Economics, Bob’s accomplishments at Babson Institute have been varied. His cumulative average of 3.3 ranks him as Valeriadorn of the Class of 1966, and would indicate graduation with highest honors.

Extracurricular activities were another specialty for him as served in Blue Key, Who’s Who, President of the Student Development Committee, the Blue Key Advanced Management Committee, Student Affairs Relations Committee, and President of the Young Republican Club.

At the age of 19, he was honored at Honors Day, he received the Roger W. Babson Business Initiative Award and was named to the Beta Gamma Scholastic Universe, Phi of Blue Key.

Honor Fraternity congratulates Bob for demonstrating such outstanding qualities.

Last Social Next Weekend

ATTENTION EVERYONE

The last social event of this school year is being presented by the class of 1967. Everyone is invited to attend and juniors who have paid their dues are admitted free. This fabulous beach party will be held at White Sands Yacht Club, Plymouth, Sunday, May 28, starting at 1 o’clock. The entertainment is to be provided by The Orphans, so pack up whatever you need except beer—that’s free and come down. Admission is five dollars.

On Saturday the students will be conducting the second annual Parents’ Day. The college is squarely behind this affair, as it was last year, but it is the students’ day; their opportunity to show their school to their parents.

Last year everyone was delighted with the program and this year’s promises to surpass it. For myself, regardless of administration or parents’ Day, I am delighted that our student body has worked hard and worked for the opportunity to bring their parents on campus. It is my sincere hope that Parents’ Day will become a long-standing tradition.

At the students’ suggestion, the Honors Day Assembly is being held on this Saturday. This idea seems to me to be particularly appropriate. At Commencement some note is taken of academic achievement, but there is little, if anything, done to certify the other aspects of college life. No affair is better suited to give parents the feel of the entire campus environment, dealing as it does with the athletic and extracurricular as well as the academic sides of student life.

My thanks, and those of the administration, to the President of Student Government and his committee for the work they have put into this affair. Success in a venture of this size does not come easily. The faculty and staff join me in extending a warm welcome to all the parents.

Henry A. Krobel, President
Babson Parents’ Weekend - 1966
SCHEDULE OF EVENTS

Saturday, May 27
10:00 - 20:00 REGISTRATION IN THE STUDENT CENTER LOUNGE where the ladies will obtain their corsages. Guides will escort parents to their cars in the lot in which they are invited to visit while classes are in session.
11:00 - 11:30 HONORS DAY ASSEMBLY
This is the one day each year when students are honored for their scholastic and extra-curricular achievements.
12:00 - 1:00 BUFFET LUNCH IN THE TRIM DINING HALL A catered dinner has been included in ticket prices. Roast Beef, Chicken a la King, Rice Pilaf, Ravoli, Devonshire Beets, Green Bean Casserole, Green Salads, Cole Slaw, Jellied Salads, Desserts, Rolls, Fresh Fruit Bowls, Tarts and Cakes, Beverages.
2:00 - 3:00 DEDICATION OF THE STUDENT CENTER: Because many parents have contributed to the Center, it is felt that the formal dedication should occur on that day.
3:00 - 3:30 FASHION SHOW IN THE STUDENT CENTER LOUNGE: Worth of Boston will present the latest styles with professional models.
4:00 - 5:00 LECTURE IN STUDENT CENTER SOCIAL HALL: “Consumer Financing” will be discussed by Dr. Wallace M. Marts, Chairman of the Division of Finance at Babson, who is one of the few recognized authorities in the field.
5:00 - 5:30 FACULTY IN NIGHT ASSIST: This will provide the parents with the opportunity to meet the faculty and students, and gain an insight on their education.
7:30 - 12:00 DINNER-DANCE IN THE TRIM DINING HALL A catered dinner has been included in ticket prices. Dine on: Delmonico Potatoes, Beefsteak Meat Rolls, Seafood Newburg in Patty Shells, Almond Prune Roast of Beedl Baked Virginia Ham, Fresh Lobster Salad, Baked Roast Turkey with Baked Chestnut Salad, Jellied Salads, Vegetable and Apple Moles Cream Puffs, Vanhuisle Cream Cheese Scones, Beverages. A large orchestra will play for dancing from 8:00 - 12:00.

Sunday, May 28
A.M.
The morning has been left open for a leisurely breakfast, schedules of local church services will be available at Registration.
12:00 - 1:00 DINNER IN THE TRIM DINING HALL: Juicy Roast Turkey Cranberry Sauce; Mashed Potatoes, Gravy, Fresh Lobster Salad; Baked Roast Turkey with Baked Chestnut Salad, Jellied Salads, Vegetable and Apple Moles, Cream Puffs, Vanilla Cream Cheese Scones, Beverages.
2:00 - 4:00 PLAY AT WELLESLEY JUNIOR HIGH: The Babson Theater Guild presents COME BLOW YOUR HORN. Many mothers have worked very hard to insure a successful performance of this hilarious play.

ALL OF THE ABOVE ACTIVITIES HAVE BEEN DESIGNED TO INTEREST PARENTS AND STUDENTS, BOTH ARE ENCOURAGED TO ATTEND.
Editorial

A Beginning

This editorial was started with the purpose of continuing the announced "Executive administration policy" but it could not be completed. As potently the last edition of the newspaper, it has taken a step back and surveyed the present.

There is much to be done on the road towards a progressive acceptable Babson. The administration has taken the first step, but one step is not enough to take an article such as "Why We Will Never Donate" in the view in which it was written--constructive criticism. Apparently, judging from the isolated articles received from the administration to this date, the opposite has been the case. That a sincere article should be the most meaningful and helpful voice of dissent that has been written this year. In fact, it was a step forward for the administration, it was nothing more than a step of student grievances, with no attempt at ridiculing any particular one. Apparently, however, the administration had not made an allusion, or even been criticized in the view intended and judged it to be the purpose of a spoiled child. Kneelingly, the bodies of the school will awaken some day to find that at least some of their students have the welfare of the school in mind.

Other goals of the school here to be accomplished as rapidly as possible: Better teachers are needed, teachers who will add to the development of a meaningful student teacher relationship. In addition, research in their field should have top priority over maintaining the status quo. Better pay, better job elsewhere. Babson has finally obtained a student body, which at Babson. I feel that Babson wishes to return something of value to the school, in place of just taking. If it is a high time we secured teachers with equally high sacrifices.

Fraternities need to be recognized as one of the most valuable assets the institute possesses. Socially, these are the first, if these fraternities did not exist, not to speak of a social calendar. Certainly, we could not get along without them, which would willingly bring many more students on campus. Facilities that might possibly be better than those currently on the move.

As we all know, the physical plant needs drastic renovation as does the present archaic female visiting rules. Progress has to be made in the administration and composition of several of our student activities offices which are handed down and used, instead of being set up to serve on merit.

On Friday, this article, including its list of future goals, is not one of harping at familiar themes. It is out expressed opinion that the future Babson needs constant budgeting. It is at last open to suggestions even if it does have difficulty judging its purpose. The administration refuses to hear the student body's findings, and the desire to get Babson on the move. Evidence to this fact can be found in the personal additions and changes made in the last six months. The prime example is the announcement made by Mr. Clark that he will make a new appointment to the faculty. It is an admission of change and in the past was out of the question. The administration has changed. However, the new merit is finally listened, questions are considered, and finally accepted. This was a great step forward, but only a small one compared to those of the future. The student body is awakening, the administration is submissive, and as a result, Babson is on its way towards progressive and excellence.

Ding-Dong

Who Stole The Gong?

By John A. Keddy

Editor in Chief
Babson Executive

May 12, 1956

Dear Sir,

Congratulations on your fine editorial condemning the lack of response to student criticism of the Administration. We have been staunch supporters of your editorial policy for some time, but we are beginning to think you are beating your head against the wall. We often hear about student apathy at Babson, but perhaps we can trace this back to student apathy. Can the top brass continue to bury their heads in the sand? It seems so.

An excellent case in point is the fact that early in the morning of April 28 last, the clapper was stolen from the bell in the Library tower. The administration discovered this within eight hours of the time it was taken, but they have been just as silent as the bell ever since. The clapper is safe and has been returned junto and there has been some rumbling from the administration building. But instead there is continuing silence. Why, if this is true, do we not hear from it?

We don't approve of nor do we understand this doctrine of student apathy. For instance, we see an opportunity to take a stand in favor of maintaining old age policy. "Policy" is, Shakespeare once said, "HEAVENLY TRUTH KNOWS THAT YOU ARE FALSE AS HEEL!"

Cordially,

Note: Of necessity this will have to remain unsigned, but it is our sincere hope that it will be published anyway.

Trademarks

And Such

Early Friday last, this editor had the pleasure of receiving a telephone call from one Gerald Clark, a student here at Babson. Mr. Clark was extremely perturbed about the latest edition of the Babson Executive. He claimed that we, in his mind, intentionally had printed a feature entitled "The Disavowal of an Articles" which he had previously obtained license to that term. It seems that Mr. Clark had used the title before, that being in one early issue of the Executive when it was under the leadership of Bob Horgan.

This editorial appears as an apology to Mr. Clark. The disavowal feature must have merely been damaged, and in order to compensate Mr. Clark, you see we have since changed the name of this feature until you or someone else can think of a better title.

Required Assembly Saturday

The Honors Day Assembly will be held this year on Saturday, May 21 at 10:30 a.m. in Knight Auditorium. Our school will take pride in honoring students who have distinguished themselves by superior achievements academically and in extra-curricular activities in recognition of their efforts. Honors and awards will be bestowed upon these men. The Honors Day Assembly will also be a tribute of tradition at Babson and is an occasion of lasting significance to all of us.

An added note of significance attaches to the Honors Day Assembly this year, for it is Parents' Day.
Symposium Progress

In a recent interview with Dr. Joseph Alexander who attended our Open Meeting last week he stated: "I liked the idea of the Babson Symposium. I was very much impressed by the organization displayed at the Open Meeting and this organization is important when you're trying to impress large corporations and others who participate in big business." Dr. Alexander feels that it is important that an understanding of this stature have the backing of the entire student body and administration and staff, "by far the most commendable feature of the Babson Symposium - Accept On Business - is the fact that this was an idea borne of student interest, run by students for the benefit of the student body.

Mr. H. A. Mann commended the Babson Symposium - Accept On Business was "terrific" and "a great idea." Mr. Mann suggested that the theme of the Symposium should be developed to play down the constant business-government conflicts. "The theme of the Babson Symposium - Accept On Business - is good, but it should be perfected in order to appeal to the business students on a nationwide level. The Symposium is a wonderful idea and the men involved"

Kevin Kavanaugh as Elliot Mess was elected Mayor of the Babson campus after the votes had been tallied and the results announced Saturday night. A perfectly directed color film with a fabulous musical background set the stage for an even better live skit.

Kavanaugh was backed by a strong supporting cast consisting of Matt Johnson as Officer, lovely Lois C. E. Wheeler as AI-Closet, Jeff Macinsky as Lawrence of Poland, and John Kruse and John Lambers as Dr. Heil's Babies. William and Peter Coffee (who also played St. Peter) were responsible for the writing of the skit and many, many hours were put into this magnificent production. Incidentally, Delta Sig is now in the process of trying to sell Lord Jeff of Poland and Boccaro as they have been displaying the bog to any interested party.

The S.A.M. skit proved to be the only real competition for Delta Sig as AIB has last night projected problems the projector accidentally went on automatic feed and Xenophon seemed to change on a marinated banana. In any case the hats were a welcomed surprise treat to anyone who watched them.
THE LATEST FROM STU. GOV.

The following is the proceedings of the last Student Government meeting, held last Monday, May 16, 1966.

I. OLD BUSINESS
A. Unfortunately Spring Weekend was NOT a financial success.
B. The possibility of having a juke-box placed in the Dry Dock has been brought to the attention of Dean Shaake and Mr. Stevens. The feeling is basically affirmative.
C. The possibility of having a ticker-tape placed in the Student Center is being thoroughly investigated. Joe Hendrich has been placed in charge of investigating price, feasibility, etc.
D. The question of graduation tickets was looked into. It was decided that no student needing more than four (4) tickets allocated to him should contact Dr. F. D. During Parent's Weekend - all dorms shall have Open-House between 12:00 and 2:00. After that time, additional hours shall yield the disgression of the Individual dorm-proctor.
F. The problem of poor services of the campus vending machines was brought to attention. This situation will be checked into.
G. Friday, May 20 is the deadline for applications for Social Chairmen.
H. Monday, May 23, is the deadline for all 12-rooms (buying or selling).

II. NEW BUSINESS
A. Student Alumni Relations Committee which annually plans Fall (Homecoming) Weekend is having an open meeting on June 1st at 7:30.
B. During Parent's Weekend, all students are asked to be in business attire for Saturday evening and Sunday meals.
1. The schedule of events is posted in the dining hall.
2. The play Sunday, "Come Blow Your Horn" at the Wellesley High School is free.
3. The events of the weekend are open to ALL students, with or without their parents.
4. Anyone interested in decorating for the weekend, see Peter Hudson.

STEVEN LEVINTON Conservatism seems inherently characteristic of all great schools.2 Right from the very beginning, the students of one give the impression of being different, of being unique, of being different from what is normal. This view is not only shared by the students, but also by the faculty. The students, in fact, seem to be more conservative than the faculty. The students seem to be more interested in the things that are important to them, and less interested in the things that are important to the faculty.

Mr. Peter Blackwell. A ticker-tape at Babson would be a marvelous toy, but I question seriously whether its educational value would be much. The ticker would probably not be well received by the students, and it would be a great deal more valuable to the serious student of investment.

See Her Sunday, and
'Come Blow Your Horn'

The Babenco Theatre Guild is on the move. This year the Guild has not only put on a winter weekend spectacular, (A Funny Thing Happened on the Forum), but is presenting a parent weekend special. The play which is quite apropos for parents weekend is 'Course Blow Your Horn', a comedy which mirrors the life of an everyday, typical, ordinary bachelor with Jewish parents.

"Are you married? No. Then you're a bum"--in what the Jewish father, (Irene Solomon) says to his unmarried son, Robert Oberdook plays the son and combined with talents from other schools, this play is positively going to break all precedents. The play begins at 8:00 p.m. on Sunday, May 22, at the Wellesley Junior High School, Admission if free.

Vette Wins Gymkhana

There was very little sleep on the Babenco Campus after 8:30 last Sunday morning. It was at that time that the throaty roar of a finely tuned, unmuffled racing engine shattered the early morning calm and signaled the start of the Sports Car Club of Spring's Gymkhana.

These gymkhanas are not new on the campus and always prove to be exciting and interesting to both spectators and entrants alike. This year, the event was sponsored by Rich Ford, and was second and third-class winners in their class.

The class B was dominated by Porsche and its sleek, fast driving body. The first place was given to Bachtel's own Bob Briscoe in his Porsche 1600 Super. Second place was given to Bob Russell of Cranford, New Jersey, who really pushed his A-1 3000 MCI around the course, but just could not catch Bob.

A Lotus Cortina, a British Ford powered by Lotus (Junior's switch) dominated the Ti-6 competition and easily took home a trophy. Class D provided a lot of excitement. A large field of 140 Midgets and 55 Sprites battled to a finish within a few hundredths of seconds separating the final. The standing: Sabins using acquired talent and skill, and both Hubble and Bird pine trees with the spectacular "Ned Day" in second and third positions in their class.

The sedan's with over twenty entries were a little more spread out, but these cars require much driving skill on this type of course than do the sports cars. The third place was won by a street stock yellow mustang that was a truly exciting car to watch. Second went to John Hugman in an eleven year old Thunderbird which turned in very good time, but when the throttle linkage jammed as it seemed to fairly often. First place was a stock Volkswagen that raced and seemed surprisingly like a Porsche.

The Sedan's Class had four entries and showed that we are going to have considerable competition from that sector at our next event. Jason Klein drove a familiar black T-Bird to a spectacular final place behind Glenyndorf in a blue Stangray.

One of the highlights of the day was the running of the Go-karts. These small vehicles turned in fantastic times and provided an unforgettable memory. The yellow kart held the track record at Lime Rock, Conn, and was clocked at speeds in excess of 130 m.p.h.

The fastest time of the regular entrants was set by the blue Stangray a race car set 827 with Larry Hyman at the wheel. Larry claims this is the first time he has finished in the winner's arch, but the way he pushed it near to a nearly unbelievably 38.04 we wonder to wonder. That's right, his wife won among the ladies.

As the sun started to dim the day ended and signaled a close to the most successful Babenco Gymkhana to date.
 exec

SPORTS

Delta Sig Beats
AKPsi 15-6

Frank Daniel and Rick Holler produced the big fireworks last Monday as Delta Sigma Pi defeated Alpha Kappa Psi 15-6 in the annual softball classic.

The win by Delta Sig enabled them to capture the Fraternity Athletic Trophy for the 1968-1969 season.

Young R. connects

Borals beats P'del

Morrison Gets His Man

Brooks' Highlights Tennis Team

The Babson tennis team with one match left will be trying to even its record at five wins and five losses after Thursday's match with American International College.

Kroll Backhands

Coach Chambers

Kroll backhands from other schools, Steve has combined accurate strokes and speed to give him a winning season.

Steve Wood as 3rd or sometimes 4th singles has made the difference in many matches this year.

The tennis team members, seniors Medlen Knapp and Carl Todd along with Freshmen William Fore, Jack and Robert Hulin, have all been working hard to achieve a victorious season.

Rebel Lambers in pursuit

On Monday following Spring Weekend the Club played the Brandeis Varsity in William. The two teams were evenly matched, but the Babson squad was unable to stop a Brandeis rally in the fourth quarter. The final score was 46, Claude Hodgus scored both goals for Babson.

The school support at away games has been quite good. The Club appreciates the support of Joe Crowley's cheering section, as well as various other groups that regularly attend the games. The gym with Brandeis should be a good one to see. The faculty, student body, and parents are expected to attend this game.

Delta Sig adds three additional runs in the third and fourth innings, which scored the third 4-4.

In the top of the ninth, Delta Sig breaks the close contest wide open. Joe Darra led off the inning with a walk and advanced to second on a wild pitch. George Hoffmeister singled, sending Darra to third. Jim Mettolung called out the A K Psi defense. Of the two batters who walked down the first base line, reached first safely, Darra stayed on third and Hoffmeister advanced to second on hittings bunt. Rick Holler, the next batter, bunted a sharp single and drove down the left field line. By the time A K Psi's left fielder retrieved the ball, Holler had rounded the bases for a grand slam home run which put Delta Sig out in front 11-4.

Delta Sig added four more runs on four hits in the top of the seventh and A K Psi added two runs on three hits in their last time at bat.

This week Delta Sigma Pi Alpha Kappa Psi to complete this season's athletic fraternity competition.
