TUITION RATES INCREASED, ROOM CHARGES REDUCED

Kriebel Calls Raise “In Line”

Tuition rates at Babson will be increased $210 per year starting September 1967, according to an announcement this week by Henry A. Kriebel, President. Citing sharply increased costs for services and materials required to keep the college adequately staffed, Kriebel stated that “educational institutions, as well as business enterprises, are feeling the pressure of increasing costs of operation. After a review of the current year’s budget, and careful consideration of the needs for 1967-68, the Board of Trustees has authorized an increase in tuition to $1100 per year, effective September 1967. I am glad to report, however, that Babson’s tuition, even with increased costs, remains comparable with other private colleges in the country offering similar courses of instruction.”

No increases in student fees, dining hall and dormitory charges are being considered at the present time, Dr. Kriebel added. “We will try to hold the line on these charges if at all possible,” he said, “and we feel that our goal is to reduce the increased cost of providing them for our students.”

In an effort to further clarify the comparison, Dr. Kriebel worked out a schedule of comparative tuition at Babson and five other schools in order to show the increased costs of providing the education. The following results, Out of a total of $140, were to reduce the cost of providing the education.

It is of course far too soon to analyze how this increase will (if at all) benefit the student body. Unfortunately a comparable rate of increase in student fees was not suggested, thought there are reports of a new financial aid being offered to the student government by the administration. The student fee increase actually offers the most tangible benefit to the students themselves. A breakdown of the fees recently by student government shown the following results:

- Undergraduates will receive $15 which is put toward the purchase of books and other required materials.
- Graduates will receive $4 which is charged toward room and board.

The Housekeeping Department has done its best to employ enough maids to see that your beds are made. They simply can’t find them.

Therefore, meal service will no longer include the making of student beds. However, the room charges in all dormitories except Coleman are reduced by $6 per semester effective September 1967.

Kriebel’s announcement also included the return of the traditional “Friday Night” after-dinner dance in the upper level of the athletic dormitory as well as the inauguration of a new dormitory lounge.

Three year option still available

Four Year Program in Effect for Next Year

An educational institution, to be effective, should have within its framework a flexibility that will allow each student to develop his own interests and to discover his own talents. An institution can be beneficial to all students if it recognizes differences among people and meets their individual needs. A main consideration must be the worth of the individual and the importance of individual fulfillment.

The new Babson 4.3 program was designed with this thought in mind, to give the student who wants to earn a Babson education the option of participating in a shorter curriculum. The Babson undergraduate college offers a four-year course of study leading to the degree of Bachelor of Science in Business Administration. The student who wishes to graduate in four years has the degree in three years. To do so he has been a strong work ethic and at the pace that best suits his needs.

OPERATION 4.3

The Babson undergraduate college offers a four-year course of study leading to the degree of Bachelor of Science in Business Administration. The student who wishes to graduate in three years has the degree in two years. To do so he has been a strong work ethic and at the pace that best suits his needs.

To The Editor... 

In the last edition of the "new" Babson EXECU-
TIVE a statement was made... "But college
presidents and faculty might find it worthwhile
to encourage a really free student press and little
else that we, in some way, defend ourselves in
light of his airtight view.

Rotman initially makes refer-
ence to the students, the pres-
ted and faculty might find it
worthwhile to encourage a really
free student press and little else
that we, in some way, defend
ourselves in light of his airtight
view.

The college is in fact the pub-
lisher and, like all publishers
in the pro world, has the last
word whether we editors
like it or not.

Control can be exercised through
directives of the administrative
body or through the freedom of
editorial independence. Control
over the contents of the paper.

Finally: In the last analysis, however,
control over the contents of the
paper is exercised by the students
themselves. The students, through
the election of editors, determine
the policies of the paper. The
student body, through the elec-
tion of the Board of Trustees,
determine the policies of the
school. The students, through
the election of the Board of
Trustees, determine the policies
of the school.

Sincerely,

Charles B. Rotman
Assistant Professor of Psychology

The New Babyson Executives...
TRACY RESIGNS AFTER 20 YEARS

Miss Doris M. Tracy, who for nearly 20 years has served Babson as Executive Secretary to the Business Manager, has resigned her position, and will leave the campus at the end of December. Miss Tracy has advised the Executive that she has no immediate plans for the future except "to relax and take things a little easier."

During her tenure at Babson, Miss Tracy has assumed many of the responsibilities of the Business Manager’s office, chief among them being the handling of housing requirements for all students, parking regulations, and screening of secretarial services throughout campus offices. Her responsibilities for housing included the assignment of rooms in the campus dormitories and Woodland Hill apartments, as well as space for students living off campus. In addition, she handled many of the details that arise continually in the business office of the college.

Asked what she will miss most after leaving Babson, Miss Tracy replied: "I suppose I’ll miss most the rewarding and pleasant experiences that come with working with students, listening to their problems, and helping them to adjust to the changes that result from moving from home to a college campus. It has been a pleasure to be of service to them, and I have tried to do this to the best of my ability. And, of course, I’ll miss, too, the many folks I have worked with at Babson over the many years."

Before coming to Babson, Miss Tracy was associated with the Bureau of University Travel, which conducted educational tours to foreign countries.

... at 5:30.

Once again B.S.O. looks like it’s going to be this year’s student government hot potato - decided at last night’s meeting to look into the use of the Babson seal, on which B.S.O. has a monopoly and also the purchasing of books from competing stores. Look out Cherry! ... Some other familiar points went up last Monday as the revs again brought up the lowering of the 25 cent for editors of the paper and the yearbook - last spring the move was defeated, but this year there’s no pressure for a quick decision. Fall weekend is being pushed to the hill as student government wants everyone to know that the snows of winter weekend depends on it ... Upperclassmen from fraternity rushing to go home have gone well with Delta Sig pledging 16, A.U.S. 6 and A.K.P & I.

With regards to A.K.P, the death of one frat means the death of all eventually. Also, frat presidents might like to comment on Reesom Hall’s letter in this section. ... A ten per cent commission is being offered to anyone who can bring an ad into the exec, contact Lee Pihl - Alt Marketing Majors. Nearly $8,000 was collected in parking fines last year, and it all went to widows and children of Babsonmen. It’s nice to be charitable but the tickets are getting out of hand. Complaints about parking in the trees at South and Babson makes the execs feel that the dining hall has been the most mentioned. Also, student government has stated that Officer Love has the right to enter the glove compartment of any car bearing a B.S.O. tag which, by the way, is illegal. ... The Hawk publication administration has officially died with Travels Out ... Talk of a rumor out that student government is getting more money from somewhere to be exact, has been given the room and possibly all the money to build a darkroom adjacent to its office. Could be the start of something big - Hats off to Winch, Mann and Putney, so far - Dreams - a daily or bi-weekly exec ... The

... and is out among the best this school has ever known. Sydham did a great job. The student laundry service has increased its rates from 25c a shirt to 30c, a 20% raise of which nobody was informed. The reason - a general rate increase in the Wellesley area - you’re still paying only 25c extra for delivery ... The new cut system will take its toll of uninterested students. Profs report that they were astounded when they compared the number of people registered for a class to those in attendance ... Anyone interested in starting a pep band to play at basketball games should contact their section reps. One of Jeff Green’s ideas ... A small caravan from South and Forest represent R.I. returned from Watkins Glen with tales of drunkenness and nudity. The question was raised by "Black market price for the last issue of the exec is now up to 25c. Contact Langley, Cell 767... Small black boxes will be placed in the snack bar, cafeteria for the use of anyone who wishes to put an article, letter or classified ad in the exec. Like them. The library is selling duplicate and post-dated editions at bargain prices on the honor system. The books will be offered for five days at the end of which they will be given away.

... and at 8.

... and have been slipping ever since the first week.
GENOVESE PLANS SUMMER READING SEMINARS

Dear Undergraduates,

You will remember receiving the following announcement which was made just before last summer's vacation.

Salve Regina has through the years come to expect more and more of the student. It has sought better students and has tried to give them a better education. This is as it should be.

The increasing maturity of the student was recognized some years ago when the practice of sending grades to parents was abandoned. This fall the attendance regulations are being substantially liberalized in the same spirit.

Now with the same aim of improving our educational procedures and with a continuing belief in the maturity and sincerity of our students, we want to present you with some reading for the summer.

The books are in two groups. The first group of four feel are absolute musts while the second group contains what we feel are very good items which you will also enjoy and profit from reading.

In the fall we plan to have a series of colloquia with small groups of students and an instructor who will conduct a discussion for interested students on one of the four books. These discussions will be held at convenient times and you should be able to attend a discussion on each of the four books.

Now we would like to start holding these meetings. Our first schedule is as follows:

1. Professor Morse The Invisible Man Tuesday, October 11.
2. Professor Pearson Yale from Olympus Wednesday, October 12.
3. Professor Genovese Medieval People Thursday, October 13.

These meetings will be held respectively on Tuesday, October 11, Wednesday, October 12, Thursday, October 13, in the Fo'c'sle at 5:30 P.M. Sign up sheets will be available at the Swlthboard. Attendance is limited to twenty students per session.

If attendance and interest warrants, more meetings will be held on these books and the fourth one COMING OF AGE IN SAMOA.

COGSWELL PLANS ALUMNI HOMECOMING

Donald A. Cogswell '40, Chairman of the 1966 Salve Regina Alumni Fall Homecoming, announces that this event will be held the weekend of Friday, October 14, and Saturday, October 15. Reservations are now being received for what promises to be one of the most complete and enjoyable Alumni activities ever arranged for alumni and their families.

The Homecoming begins on Friday evening, October 14, with registration at the Playboy Club, Boston, where an old-fashioned mixer with entertainment will be held, preceding dinner at 5 o'clock.

On Saturday, October 15, alumni will register on the campus at 8 A.M., and participate from 10 to 12 o'clock in four concurrent seminars on Investments, Data Processing, Marketing and Labor Relations.

Alumni will be the guests of the College at lunch at noon Saturday in the Gordon Trim Dining Hall. Luncheon will be followed by an Alumni rally, with outstanding guest speakers and band concert.

In the afternoon alumni will attend a soccer game with Massachusetts College and swim with their families in the Swimming Pool, or participate in a golf tournament at the nearby Country Club.

On Saturday evening the Harvest Moon Ball will be held in the main ballroom of the Sherraton Plaza Hotel in Boston, preceded by a cocktail party and dinner. Special events have been arranged for the wives and girl friends of alumni, including a conducted tour of the gardens of the Homewell Estate in Wellesley, a campus tour, a tea and bridge.

Undergraduate students will be guests of the Alumni at all events on Saturday morning and Saturday afternoon, October 15. If undergraduates hold a ticket for the Friday students' dance they will be guests of the Alumni at the Harvest Moon Ball at the Sherraton Plaza on Saturday evening. Alumni will be guests of undergraduate students at their Friday night dance. Undergraduates are invited to attend dinner at the Sherraton Plaza Hotel upon payment of the dinner charge.

HOMECOMING

As students finally get back to school, excitement builds up among the student body. This year is the 66th Homecoming celebration, and it promises to be one of the most exciting events ever. The Homecoming queen will be chosen from among the student body, and there will be a parade and football game on the main campus. The theme for this year is "The Spirit of '66," celebrates the rich history of the institution.

NEW ENGLANDERS have always been known for their love of sports, and this year is no exception. The football team is expected to have a strong season, and fans are eagerly awaiting the start of the season. The Homecoming game will be a special event, with a large crowd expected to attend.

Improve the weekend to attract a larger following. This yearly event is a chance for students to come together and enjoy a fun-filled day. Join in on the excitement and make this year's Homecoming one to remember.
FRIDAY EVENING, OCTOBER 14, 1966 - 6:30 P.M. --
Registration: The Playboy Club
Boston. Old Fashioned Mixer
with entertainment, raffle, door prizes, hats, favors. BUFFET
DINNER (Includes Two Drinks)
Alumina couples may attend
the Student's Rock and Roll Dance
- Hotel Continental, Cambridge, 8
and 1:00 A.M. Total Fee: $8.00 per person.
SATURDAY, OCTOBER 15, 1966
9:00 - 10:00 A.M. Babson Insti-
tute Social Hall - Park Manor.
Registration and coffee.
10:00 - 12:00 Noon - Four
Concurrent Seminars --

THE PERSONNEL SEMINAR
will discuss the current trends
in the recruitment and admin-
istration of personnel in the pro-
essional areas of finance, sales
and marketing, engineering,
manufacturing and administra-
tion. The panel will review wage
and salary administration.

THE INVESTMENT SEMINA-
R will discuss the present stock
market situation and short term
market trends. The panel will
also entertain any questions re-
garding investment portfolios
and will discuss the services pro-
vided by the investment brokers.

THE BANKING SEMINAR will
be an informative discussion on
bank financing specifically in the
areas of commercial loans, mort-
gage loans, accounts receivable
financing and installment lending.

THE DATA PROCESSING SEM-
INAR will discuss the changing
role of the Manager in a "com-
puterized" business organiza-
tion. The panel will direct their
comments to the manager who
will use the computer as a tool
rather than to the data process-
ing professional who makes the
computer run. Application of the
computer in marketing, finance
and manufacturing are examples
of some of the areas that will
be discussed.

SATURDAY MORNING,
OCTOBER 15, 1966
9:30 - 12:00 - Special Ladies
Events - Garden Tour, Campus
Tour and Bridge.

12:00 - 2:30 P.M. -- Luncheon
- Gordon 7th Annual Dining Hall (Com-
plementary), Guest Speaker - Fred
Moss, Boston Stock Exchange.
Lhn Village Drum Band.

3:00 - 5:00 P.M. Soccer Game
- Stonehill College. Swimming
Pool. Last chance Golf Tourn-
ament (Greens Fee).

6:30 - 12:00 Midnight - Sher-
ton-Plaza Hotel, Boston. Cocktai-
Party (Dutch Treat), Harvest
Moon Ball (Dress Optional), Main
Ballroom. Arrangements have
been made to have a Ladies' Suit
and Men's Suite at the Sheraton-Plaza for Alumni and
their wives for grooming prior
to the Harvest Moon Ball. The
Hospitality Committee will help
you and your wife enjoy yourselves.
If you need any special reserva-
tions or assistance do not hesitate
to call on Bob Randall, 617-769-1159.

all over New England!

ORPHANS’
...an open letter

October 6, 1966

The Tri Fraternity Council
Babson Institute
Babson Park, Mass.

Dear Sirs:

I am very sorry that I cannot attend the Open Meetings of the Tri Fraternity as you so kindly en-
vited me to do. I feel that by doing so I would be going against my basic values and could alienate my love of education.

Respectfully,
Reann Halle

The Brown Cross Report

We submit this first as a paid advertisement, and not as a freebie, as advertised in some frater publications. In the case of the Brown Cross Report, it is a house organ; the publication of this report has been made possible by the co-operation of the Student Council and the Student Senate. The report is intended to provide information about various activities on campus, and to keep the student body informed about what is happening on campus.

VARSITY games. In organizations such as the Theatre Guild, loyalty to the organization is a matter of personal experience. It was made apparent by the recent decision to transfer the Guild's faculty to another university (which was not my decision). The organization's survival should be a concern of all those involved, including the faculty.

At this point I would like to see the fraternities re-evaluate their goals. If they have any. At the moment, I would like to appeal to all the conscientious men and women of the future to question the activities of their organization and to improve and benefit their fraternities.

Respectfully,
Reann Halle

FIVE GIRLS HURT IN AUTO MISHAP

...five girls were injured, none seriously, and they had consumed quantities of vodka, last evening when their beer and vodka prior to the accident. The accident occurred at around 9:15 p.m. at the intersection of where the age of the girls was 18. They were taken to Newton-Wellesley Hospital, where they were treated.

NOTICE TO ALL STUDENTS

For several years the student body in general has protested the limited open-house hours now in effect on the Babson campus, to no avail. As the official Student Handbook states: "Women guests are permitted in student's rooms only on designated open-house Sundays from 2:00 p.m. to 5:00 p.m."

At the beginning of this school year, however, the administration was presented with a definite proposal for change and, with the "New Babson" in mind, has agreed to the following:

1. A one term trial basis of new open-house hours shall be permitted, and at the conclusion of the term the success and/or failure of the program will be reviewed with the house directors. If any problems arise, the program will not be continued.

2. Sunday open-house hours, which are completely at the discretion of the house director, may be scheduled from 1:00 p.m. - 5:00 p.m.

3. Saturday open-house hours, which are also completely at the discretion of the house director, may be scheduled from 1:00 p.m. - 5:00 p.m.

4. At THE DESCRIPTION of the house director, open-house may be held on either Saturday or Sunday, or may be held on both Saturday and Sunday. The above policy has been agreed upon by the administration and the dormitory directors, and will be effective as of October 5, 1966. The student body should be reminded that although the administration is very receptive for progressive changes on the campus, this also entails an increased amount of responsibility on the part of the student body. The new policy is on a one term TRIAL basis, and this is an excellent opportunity to demonstrate the maturity of the present student body.

Michael D. Blake
President, Student Government
BATES BOOTS BABSON

by Elliott Collins

The day - October 1, Saturday
The place - Lewiston, Maine
The team - The B.L. Soccer Squad
The reason - To face Bates College for the first game of the season; a game to be played on the continual doubledown on a field of mud and slugs; a game to be lost 5-2, and a game in which the score was no indication of the play.

When the squad arrived it had already been raining in Lewiston for over twelve hours, and the field was under a proportionate amount. Babson fielded a team of five freshmen, four juniors, and two seniors, but the team apparently did not live up to the expectations as Bates scored three quick goals in the first ten minutes while B.L. was still trying to get its defense in order.

By the onset of the second quarter, however, Babson was playing ball control successfully and was applying continual pressure on the Bates defense. Numerous shots were taken by John Fadell, John Wood, Carlos Palacios, Elliott Collins, and Hill Carter, but none passed the Bates goalies.

The third quarter began with Babson trailing 3-0. However, the Babson team exhibited a tremendous amount of spirit and came knocking at the Bates goal when Elliott Collins scored harkening into the period on a pass from Carlos Palacios. Four minutes later Babson scored its second goal, this time by Bob Yanney who took a pass from Collins. Trailing 3-2, the pace of the game of Babson began to falter as the team looked at gates it had ever looked in the past year.

By the fourth quarter Batons scored two goals on plays which were played on a dry field would never have been. The defensive conditions were absolutely the worst the players could have been as plays were continually slipping and sliding in the mud and consequently could not make the quick moves required in the game.

Babson was playing without the services of center-forward Mario Ilga, co-captain, who twisted his ankle prior to the Utah scrimmage and continues a whisker, who unlike Ilga, will be able to play in the next game. Babson also suffered a major setback when on the Hill (Elliott) tore a tendon in his wrist. Blackwell will be out indefinitely.

Collins intercepts goal attempt.

Babson brings ball down field.

Blackwell blocks scoring attempt.

TRIALS

WINTER SPORTS TRIALS:

Varsity basketball tryouts for all eligible students (including freshmen) will be held on Monday, December 17, at 3:00 p.m. Candidates are expected to supply their own practice gear during the tryout period.

Trials in swimming tryouts and practices are now in progress. All students who are interested should report any afternoon this week at 3:00 p.m.

ALUMNI LOOK TO

ATHLETIC FUTURE

The Alumni Athletic Affairs Subcommittee held its first meeting of the year on Thursday, September 22. The purpose of the meeting was to set in motion the plans the committee had formulated to fill all its purpose i.e., to increase and encourage alumni support of varsity athletics.

The committee has already printed a wall-size calendar of all varsity events for the 1966-1967 season. All members received copies of the schedule in the Oct. 1st mailing of the Babson Bookstore. All alumni who subscribe Horsecrossing will receive a copy in the package at registration. At a later date, the committee will be sending a letter to the alumni area alumni to inform them of the plans which, times they will receive the printed schedule.

Collins intercepts goal attempt.

Babson brings ball down field.

The winter sports of varsity swimming, basketball and hockey are ideal for planning alumni functions, and the committee is now working on plans to sponsor the Alumni vs. Varsity basketball game on January 7th. An ad hoc committee of Norv Donlan '47 and Charles Pagan '50 is now working out the details for an Alumni vs. Varsity hour and luncheon to proceed the game and a coffee hour after the game to which all varsity athletes will be invited so that the Alumni can meet Babson's athletes.

This year the Alumni Athletic Committee has assumed control of the team that intends to beat the varsity team. All past basketball lettermen will be invited to attend general practices under a well-known and respected basketball coach who has agreed to lead the team to victory.

In addition to basketball, the alumni will be encouraged to attend significant hockey games. The first game, one which the committee hopes will become an annual event, will pit the alumni hockey letterman against the Babson varsity. All past members of the hockey teams which were the predecessors to what is now a college-sponsored activity, will be on the ice to do battle with the undergraduates. A popular and world-renowned entrepreneur will balance the coaching assignment for the alumni who promise to give the varsity a "rough" workout. Three doctors, two ambulances and a referee will be part of the medical equipment in attendance. The Athletic Committee also intends to encourage a large number of alumni to attend for the first game of the T.T.T. round robin on Thursday, February 2 at 7:00 p.m. in which Babson skates against U.S. Air Force Academy. To accomplish the task, the committee hopes to receive the support of the Babson Alumni Club by having them hold a winter meeting preceding the game.

The third major plan of the committee is to form a Varsity Club of all alumni who received varsity letters. An ad hoc committee of Richard McCarthy '66, Brian Barkerd '66 and James Fendler '67 are now planning the plans for establishing the Varsity Club. Once the club is officially established, it will become the primary alumni sponsor and supporter of athletics at Babson.

The committee's plans are ambitious and will take much time and energy on the part of the members who are willing to make a necessary time in order to help Babson athletes achieve the success they deserve.

In addition to the alumni who make a commitment, interested individual interested alumni such as Terry Clark and Bob Ilga are also members. The alumni realize the role that they can play to boost Babson athletics and hope that the student body will also lend its support. Any student who would like to sit on the Alumni Athletic Affairs sub-committee and actively participate in the program outlined above should contact Mr. Green in the Athletic Department who is the current chairman of the committee.
